THIS AGREEMENT (the "**Agreement**"), entered into this ___ day of August, 2023, by and between the **CITY OF ROCKWALL** (hereinafter called "**CITY**") and the **ROCKWALL INDEPENDENT SCHOOL DISTRICT** (hereinafter called "**RISD**").

WITNESSETH:

WHEREAS, the CITY desires to enter into an agreement relating to providing certain professional police services to RISD in accordance with the program description and details as provided herein; and

WHEREAS, this Agreement is made pursuant to the authority granted to the parties pursuant to the Interlocal Cooperation Act, V.T.C.A. Government Code, Chapter 791 (the "Act").

WHEREAS, the primary purpose of the School Resource Officer (SRO) Program is the reduction and prevention of crime committed by juveniles and young adults and to promote the safety of children. This is accomplished by assigning eleven (11) fully outfitted and equipped police officers to school facilities on a semi-permanent basis while school is in session. The SRO Program accomplishes this purpose by achieving the established goals and objectives. Goals and objectives are designed to develop and enhance rapport between youth, police officers and school administrators. Officers who are chosen for this program are responsible for establishing the communication links and creating a free flow of information between all parties involved.

WHEREAS, the goals of the SRO Program are as follows:

1. Reduction of criminal offenses committed by juveniles and young adults.
2. Establish rapport with the students.
3. Establish rapport with the parents, faculty, staff, administrators and other adults.

4. Create and expand programs with vision and creativity to increase student participation, which will benefit the students, the school district, the police department, and the community.
5. Present a positive role image for students and adults.
6. Provide safety for students, faculty, staff and all persons involved with the school district.

NOW, THEREFORE, the parties hereby do mutually agree as follows:

I.

Scope of Agreement; Duties and Responsibilities: CITY shall provide eleven (11) licensed police officers for the RISD School Resource Officer Program ("SRO") for the 2023-2024 school year. The effective date of this Agreement shall be the first day of instruction for the current school year, beginning with the first day of instruction for the 2023-2024 school year ("Effective Date"). The duties of the SROs and each party are described herein.

II.

Term of Agreement: The term of this Agreement shall be for a period beginning upon the Effective Date and ending on the last day of instruction for the current school year. This Agreement may be renewed for one (1) year periods beginning on the Effective Date, upon written consent of the parties, for five (5) years.

III.

This amount reflects the SROs salary, benefits and any equipment or materials and supplies required by the SROs in the performance of their duties. These Payments shall satisfy the RISD's obligation for payment of SRO services for the entire school year to the CITY. The first monthly Payment shall be made by RISD to CITY on the 15th day of the first month Payment is due.

RISD shall not be relieved of its obligation to pay the entire amount described in this Agreement in the event that CITY exercises its right to temporarily reassign the resource officer for a period not to exceed fifteen (15) business days when, in the sole judgment of CITY, their service is required in response to a CITY wide or major emergency, or in the event that the resource officer is absent due to sickness, injury, training or court

All prudent measures shall be taken consistent with this policy to liquidate an investment that does not have the minimum rating. Requirement and Selection of Broker/Dealers:

The governing body of the City shall at least annually review, revise & adopt a list of qualified brokers that are authorized to engage in investment transactions with the City of Rockwall. Persons seeking to sell to or purchase from the City investments must submit to the Investment Officer a written summary of their qualifications and the firm they represent. After the Investment Officer has conducted a thorough review, a copy of the City's Investment Policy shall be submitted for their review. The registered principal of the organization seeking to buy or sell an authorized investment must execute a written instrument agreement substantially to the effect that the registered principal as well as all brokers who may be in contact with the City have received and reviewed the policy thoroughly and that the business organization has implemented reasonable procedures and controls in an effort to preclude imprudent investment activities arising out of investment transactions conducted between the organization and the City. Upon written receipt of this instrument, the Investment Officer shall place their name on a list of authorized broker/dealers.

Clearing and Safekeeping:

Settlement transactions may be by electronic means to the contracted institution on a delivery versus payment basis with safekeeping at their location. SIPC insurance is required for safekeeping at the advisor institution.

Investment Strategies:

Investment Strategies for all funds shall seek to provide the following objectives:

- a. Suitability of Investment
- b. Preservation of Capital and Protection of Principal
- c. Maintenance of sufficient liquidity to meet operating needs
- d. Marketability of each investment
- e. Diversification of Investments
- f. Maximization of Return (yield)

The overall investment strategy of the City is based on the premise that a certain amount of City funds will be needed to pay current year expenditures or for projects that are to be completed within a specific time frame. These funds are to be invested in the short end (less than 1 year) of the yield curve or in the immediate portion of the yield curve (1-3 years) in order to meet the cash needs of specific projects. Remaining funds are considered to be reserves and, barring any unforeseen emergencies or events beyond the City's control, it is considered that these funds may be invested in securities generally maturing within 5 years so that the City may meet cash flow needs while attaining a higher possible rate of return. It is understood that longer term investments are sensitive to changes in interest rates and other market conditions; however, it is the City's belief that such securities may be held to maturity if necessary.

The primary objective is safety and liquidity with a reasonable yield. Authorized securities will be of the highest credit quality. The portfolio will be diversified to avoid market and credit risk. Diversification requirements can be met by maintaining a maximum 6 months weighted average maturity.

The General Operating Fund and Water/Sewer Fund are the primary operating funds of the City. The investment strategy must allow for the investment of anticipated cash flows to meet the anticipated liabilities of the funds. This is accomplished through short term investments including, but not limited to, repurchase agreements, investment pools, agency notes, commercial paper, Certificates of Deposit, and money market funds. Reserves of these funds may be invested in longer-term investments.

The Capital Project Funds are for defined projects with specific liability time frames. The strategy for these funds is to time investment maturities to anticipated project payments. The projects may require investments with short to intermediate maturities.

The Debt Service Funds should consist of short-term investments whose stated maturities meet the scheduled debt service payment timelines. Reserves may be invested in longer-term investments. Special Revenues and Internal Service Funds investments should be in short-term instruments with maturities laddered to meet projected cash needs. Reserves are idle funds that may be invested in immediate to longer-term investments after analysis of future plans for use of the funds.

CITY COUNCIL MEMORANDUM

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO: Mayor and City Council
CC: Mary Smith, *City Manager*
 Joey Boyd, *Assistant City Manager*
FROM: Ryan Miller, *Director of Planning and Zoning*
DATE: September 18, 2023
SUBJECT: Z2023-038; *Amendment to Planned Development District 3 (PD-3)*

On June 5, 2023, the City Council directed staff to begin the process of initiating zoning to amend the City's older Planned Development (PD) Districts in order to prepare consolidating ordinances (*i.e. writing one [1] ordinance that supersedes all previous ordinances for the Planned Development Districts*). The purpose of this effort is to [1] make zoning easier to understand for the City's external customers (*i.e. developers, homebuilders, and citizens*), and [2] to make the zoning ordinances easier to interpret internally by City staff; however, the proposed consolidating ordinances are not intended to change any of the requirements, land uses, concept plans, or development standards stipulated for any Planned Development (PD) District. This was successfully done recently to the Planned Development (PD) District for the Chandler's Landing Subdivision (*i.e. Planned Development District 8 [PD-8]*).

The Shores Subdivision -- *also known as Planned Development District 3 (PD-3)* -- was originally adopted in 1972, and currently consists of 116 pages of regulations within 11 regulating ordinances. The biggest issue that staff has with interpreting this Planned Development (PD) District is that *Ordinance No. 96-23 -- which was City initiated, currently regulates the majority of the Shores Subdivision, and changed the zoning of certain tracts in PD-3* -- does not align with the phases that were actually platted and constructed. Specifically, this affects all of the Shores North phases as seen in *Figures 1 & 2*. This means that the lot sizes and dimensional requirements that were approved through the zoning ordinance do not correspond with the lots sizes and dimensional requirements that were approved through the concept plans and subsequent subdivision plats and building permits.

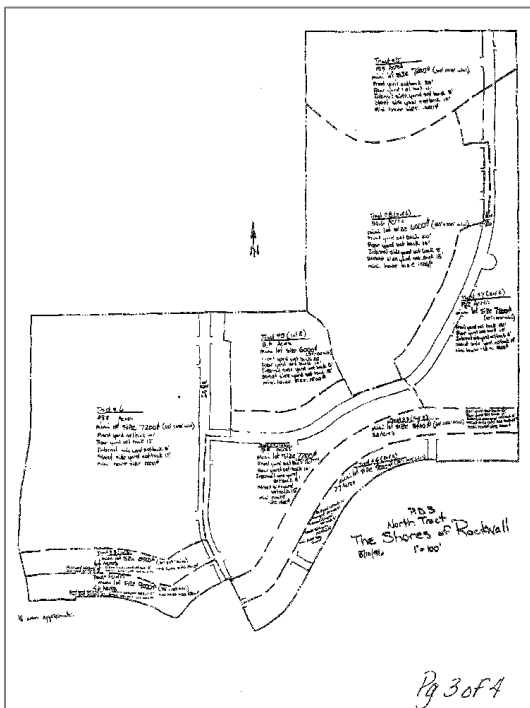

FIGURE 1: EXHIBIT FROM ORDINANCE NO. 96-23

FIGURE 2: CONCEPT PLAN USED TO SUBDIVIDE AND PERMIT HOUSING IN THIS SUBDIVISION

This issue also exists in *Tracts O & P* as depicted in staff's updated concept plan contained in the draft ordinance. In addition, Tract 3 (*i.e. the Shores HOA Clubhouse and Rockwall Golf and Athletic Club*) does not include development standards or a base zoning district in any of the ordinances that make up Planned Development District 3 (PD-3); however, staff has found documentation showing that the development of this area was constructed under both the General Retail (GR) District requirements contained in the 1997 Zoning Ordinance and the *General Commercial District Standards* contained in the 2012 version of the Unified Development Code (UDC). To remedy these issues staff researched the building permits and development cases (*depicted in the attached timeline*) to ascertain the development standards for each of these properties and incorporate them into the proposed draft ordinance. With this being said, since staff utilized standards that match the approved concept plans, subdivision plats, and building permits for these phases of the Shores Subdivision, the proposed zoning ordinance does not change the land uses and density and dimensional requirements for any of the existing properties in Planned Development District 3 (PD-3). Rather the proposed draft ordinance will bring what was constructed into unison with the approved zoning for these areas.

This being a zoning case, staff sent out 2,216 notices to all property owners and occupants of the Shore Subdivision and within 500-feet of the Shores Subdivision. In addition, staff notified the Rockwall Shores, the Shores on Lake Ray Hubbard, the Random Oaks/Shores, Promenade Harbor, Harlan Park, Stone Creek, Lakeview Summit, the Preserve, and the Hillcrest at the Shores Homeowner's Associations (HOAs), which were the only HOAs within 1,500-feet of the subject property. Included within the notice was a link to the City's website -- *which has all of the zoning documents (i.e. the current Planned Development District 3 [PD-3] ordinances and the proposed draft ordinance) associated with the case --*, and included with the notice was a letter explaining the purpose of the zoning amendment. To date, staff has received:

- (1) Two (2) property owner notifications from two (2) property owners located within the Shores Subdivision in favor of the proposed amendment.
- (2) Two (2) property owner notifications from two (2) property owners located within the Shores Subdivision opposed to the proposed amendment (*staff should point out that neither notice seem to address the intent of the case*).
- (3) Two (2) property owner notifications from two (2) property owners located within the 500-foot notification buffer, but outside of the Shores Subdivision in favor of the proposed amendment.
- (4) One (1) email from one (1) property owner outside of the Shores Subdivision in favor of the proposed amendment.
- (5) One (1) response from the online *Zoning & Specific Use Permit Input Form* from one (1) property owner in the Shores Subdivision in favor of the proposed amendment.
- (6) One (1) response from the online *Zoning & Specific Use Permit Input Form* from one (1) property owner in the Shores Subdivision indicating being both in favor and opposed to the proposed amendment.

For the City Council's review, staff has included a copy of the current and proposed Planned Development District 3 (PD-3) in the attached packet. In accordance with the requirements of the Unified Development Code (UDC), staff brought the proposed zoning amendment to the Planning and Zoning Commission. On September 12, 2023, the Planning and Zoning Commission approved a motion to recommend approval of the case by a vote of 6-0, with Commissioner Womble absent. Should the City Council have any questions, staff will be available at the September 18, 2023 City Council meeting.

TO: The Residents of the Shores Subdivision

FROM: Ryan Miller, AICP
City of Rockwall Planning and Zoning Department

Rockwall, Texas 75087

SUBJECT: Case No. Z2023-038; Amendment to Planned Development District 3 (PD-3)

Property Owners and/or Residents of the Shores Subdivision,

The City of Rockwall has initiated an amendment to Planned Development District 3 (PD-3) for the purpose of consolidating the regulating ordinances contained within this Planned Development District. Currently, Planned Development District 3 (PD-3) -- *which currently regulates the Shores Subdivision* -- consists of over 116 pages of regulations within 11 regulating ordinances, and over 85 development cases. The proposed amendment does not change the land uses, development requirements, or the concept plans associated with these ordinances. The proposed amendment will, however, consolidate these ordinances, resolutions, and development cases into a single Planned Development District ordinance. The purpose of making this change is to make the document easier to read and understand for residents and contractors looking to do work in the Shores Subdivision.

WHY AM I GETTING THIS NOTICE?

The Local Government Code for the State of Texas requires notices to be sent to all property owners and occupants effected by a zoning change. The City of Rockwall establishes a 500-foot notification buffer around the subject property as the notice areas. This means that you are receiving this notice because you either live within the Shores Subdivision or within 500-feet of its boundaries. The attached map is a visual representation of the subject property (*i.e. the Shores Subdivision*) and the 500-foot notification buffer surrounding the zoning area.

DOES THIS CHANGE MY PROPERTY'S ZONING?

NO. The proposed amendment to Planned Development District 3 (PD-3) will not change your zoning or any development requirements associated with your property or any other properties located within the Shores Subdivision. It will only make it easier to find the development requirements associated with property for property owners, contractors, and city staff. Any property that is located within the 500-foot notification area -- *but is not situated within the Shores Subdivision* -- will not be affected by the proposed zoning change.

WHEN CAN I LEARN MORE ABOUT THIS AMENDMENT?

The Planning and Zoning Commission will hold a **PUBLIC HEARING** on Tuesday, September 12, 2023 at 6:00 PM, and the City Council will hold a **Public Hearing** on Monday, September 18, 2023 at 6:00 PM. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. Should a resident wish to attend these meetings they will be open to the public. In addition, all meetings will be available to be streamed live and via recording after the meeting through the City's website (*i.e. www.rockwall.com*). If you have specific questions about the amendment you can contact the Rockwall Planning and Zoning Department at (972) 772-6441 or email planning@rockwall.com.

I do not fully understand Section 5 and do not want street public space to be taken away. With the size of families in the shores, will residence be allowed to continue to park on the street as there is not enough space to park all vehicles in the driveway? As I understand, the streets are public property, which should allow residents to park there.

Does Section 5 take away public access parking in the Shores neighborhood?

Ryan,

I hope this email finds you well my friend! Miss being in Rockwall sometimes, but out here next to Union Valley is so much quieter and slow ;) - I wanted to make sure you got some feedback on the notices you work so hard to put out. On Z2023-038 we are in FAVOUR and don't have issues with the consolidation process needing to happen here.

If you need anything else from us, please let me know

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Rockwall, Texas:

SECTION 1. That the Comprehensive Zoning Ordinance and official zoning map be changed from Agricultural to PD-3 for the area described in Exhibit "A" attached hereto.

SECTION 2. With respect to the tracts shown in Exhibit "B", the Comprehensive Zoning Ordinance, this ordinance, Ordinance 86-61 and Ordinance 84-59 shall be the sole Planned Development ordinances applicable thereto, and any other Planned Development ordinances, including Ordinance 89-4, hereto applicable to such tracts shall be superseded and amended hereby. Items not specifically addressed in this ordinance shall comply with the Zoning Ordinance No. 83.23, Subdivision Ordinance, Engineering Standards of Design, Code of Ordinances, as amended or as may be amended in the future and any other development related ordinances as currently approved or as may be amended or approved in the future.

SECTION 3. That the Comprehensive Zoning Ordinance of the City of Rockwall, as heretofore amended, be and the same is hereby amended by amending the approved Preliminary Plan for PD-3 for those areas identified in Exhibit "B". That said amended Preliminary Plan is attached hereto as Exhibit "B" and made a part hereof for all purposes.

SECTION 4. That the tracts identified in Exhibit "B" shall be developed and used only in the manner and for the purposes and with the conditions provided in the Comprehensive Zoning Ordinance of the City of Rockwall as heretofore amended, and as amended hereby, provided that by granting this amendment to the approved Preliminary Plan for PD-3 this ordinance shall affect only the property shown in Exhibit "B".

SECTION 5. That development of areas in Exhibit "B" shall be in strict conformance to the area requirements as shown in Exhibit "C" attached hereto and made a part hereof.

SECTION 6. No substantial change in development of the areas as shown in Exhibit "B" shall be permitted other than as shown in Exhibit "B" except after obtaining approval of the change of such development through amendment of the Preliminary Plan in the manner required for changes or amendments to the Comprehensive Zoning Ordinance.

SECTION 7. Prior to or in conjunction with any plat submittal, a concept plan must be submitted for the area being developed for review and approval by the Planning and Zoning Commission and City Council. A north concept plan must be submitted when the northern tracts are developed, a south concept plan must be submitted when the southern tracts are developed, and a Ridge Road concept plan must be submitted when the Ridge Road tracts are developed. If the concept plan is submitted in conjunction with the plat, the review and approval or disapproval will occur simultaneously. The concept plan shall include the following items.

A. The north concept plan shall include the following items;

(i) Identify the general location of the 3 acre neighborhood park site in one of the northern tracts including walkway/pathways connecting the park to the adjacent villages in the northern tracts. It is the intent that the walkway/pathway design will be accomplished with the lot layout in Exhibit "D".

B. The south concept plan shall include the following items;

(i) Provide a general location and conceptual design of walkways/pathways in the southern tracts 4 and 5. It is the intent that the walkway/pathway design will be accomplished with the lot layout in Exhibit "D".

(ii) Provide a general location and conceptual design for access to the lake in the southern tract 4. The walkways/pathways required in section (i) will not be required to connect to the lake access.

C. All concept plans shall include the following items;

(i) Identify locations of any proposed restricted access/gated villages, including description of the proposed entry design, type and maintenance provisions for streets and layout of village.

(ii) A proposed street layout for each phase that shall be subject to review and approval in accordance with the City's Subdivision Regulations and Standards. Street layouts and double loaded streets as shown in Exhibit "D" are included herein in concept only provided, however, that the double loaded streets concept in Exhibit "D" shall form the basis for review and approval by the City with respect to double lot street loading.

(iii) Identify location, type and general design of screening along major roads for areas being platted.

(iv) Identify location of village entry features for each village for areas being platted. Such features shall at a minimum include typical entry features as shown on Exhibit "E".

Section 8. Prior to any final plat approval of the first phase of the development, the owner(s) of the property must execute and file an instrument creating a Homeowners Association for the areas included in Exhibit "B". The Homeowners Association will be responsible for the maintenance of all common areas, screening walls and features, landscape areas; deed restriction enforcement; and all other functions required to maintain the quality of the development for those areas included in Exhibit "B". To ensure compliance with these provisions the property owner will submit the covenants of the document to the City Attorney for review. The property owner will provide an opportunity for the existing homeowners to join this newly created association on terms acceptable to the property owner, but neither the joinder of the existing homeowners nor the documentation of such opportunity shall constitute a condition precedent or requirement in plat approval.

Section 9. Because review of PD-3 as contained herein has been extensive for more than (6) months prior to the adoption of this ordinance, with the result being the Preliminary Plan herein, the City Council deems that the public interest will not be served by review of this PD on the normal two (2) year cycle. The City Council hereby determines that the Preliminary Plan herein established, promotes and protects the health, safety, morals, and general welfare of the City, which merits an exception to the two year PD review cycle, for which is herein made. The City Council further determines that periodic review as required in the Comprehensive Zoning Ordinance, of the Preliminary Plan herein adopted is still necessary to ensure that the desired

objectives are accomplished, but that such review shall not be initiated sooner than eight years from the date of adoption of this ordinance; provided that;

(i) such review may occur if no plat application is filed with the City in any two year period or such longer time as may be provided for in the Comprehensive Zoning Ordinance, for the above mentioned eight years from the date of adoption of this ordinance. In addition, credit for each 2-year period of the above specified eight years will be earned for each subdivision which exceeds 50 lots that is platted and approved unless such lots are 10,000 square feet or larger on the average in the aggregate in which event such credit shall be earned for a subdivision which exceeds 25 lots.

(ii) that such plat application, if filed, pursuant to Chapter 481 of the Government Code shall apply to the particular phase being platted and that any subsequent phases shall not be considered regulated by said application.

Section 10. The Commercial tract six as shown in Exhibit "B" on the south side of North Lakeshore Drive shall comply with the area, use and all other requirements as set forth in the Commercial ("C") zoning district requirements of the Comprehensive Zoning Ordinance as currently adopted or as may hereafter amended.

Section 11. The General Retail tract three as shown in Exhibit "B" on the north side of Ridge Road shall be limited to the uses as shown in Exhibit "G". All other requirements for the development on this tract will be in accordance with the General Retail zoning district of the Comprehensive Zoning Ordinance and the Comprehensive Zoning Ordinance and subject to site plan review by the Planning and Zoning Commission and City Council.

SECTION 12. Any person, firm or corporation violating any of the provisions of this ordinance shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS (\$2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 13. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, nor shall adjudication affect any other section or provision of the Comprehensive Zoning Ordinance of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

SECTION 14. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be and the same are hereby repealed to the extent of that conflict.

SECTION 15. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such case provides.

CITY OF ROCKWALL
CITY COUNCIL MEMORANDUM

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO: Mayor and City Council
CC: Mary Smith, *City Manager*
Joey Boyd, *Assistant City Manager*
FROM: Ryan Miller, *Director of Planning and Zoning*
DATE: September 18, 2023
SUBJECT: Z2023-039; *Amendment to Subsection 06.16, Lake Ray Hubbard Takeline Overlay (TL OV) District, of Article 05, District Development Standards, of the UDC to Allow Homeowner's Associations (HOA's) the Ability to Lease the Lake Ray Hubbard Takeline*

On August 7, 2023, the City Council directed staff to amend Subsection 06.16, *Lake Ray Hubbard Takeline Overlay (TL OV) District, of Article 05, District Development Standards*, of the Unified Development Code (UDC) to add language that would allow certain Homeowner's Associations (HOA's) the ability to lease non-leasable areas adjacent to their jurisdictional boundaries. The purpose of this proposal is to allow certain Homeowner's Associations (HOA's) the ability to make improvements in the takeline area in exchange for the necessary erosion control improvements needed to prevent or fix erosion on non-leasable areas without subjugating the City to the maintenance of these structures moving forward. In researching this amendment, staff identified four (4) Homeowner's Associations (HOA's) that could be eligible to lease areas of the takeline that are currently unleaseable. These include: [1] the Chandler's Landing Subdivision (*i.e. adjacent to Blocks B & C, Chandler's Landing, Phase 17*), [2] the Signal Ridge Subdivision (*i.e. adjacent to Signal Ridge, Phase 4*), [3] the Water's Edge Subdivision at Lake Ray Hubbard (*aka Villas De Portofino*), and [4] the Lakeside Village Subdivision. If approved, the amendment prepared by staff -- *contained in the attached packet* -- would create the following requirements for the lease of the takeline for these Homeowner's Associations (HOA's):

- (1) A site plan would be required to be approved by the Planning and Zoning Commission that will be incorporated into the *Sublease Agreement*. This site plan will show all proposed improvements within the leased takeline area -- *which are required to be located within Activity Areas* -- and the required seawalls necessary to make these improvements.
- (2) All *Activity Areas* are permitted to be a maximum of 50-feet by 50-feet in size and be spaced a minimum of 200-feet apart.
- (3) Seawalls are required to be installed a minimum of 100-feet on either side of an *Activity Area*.
- (4) *Fixed Piers* and *Dock Decks* are required to be spaced a minimum of 200-feet apart along the leased area.
- (5) *Boathouses* are prohibited to be constructed in the takeline in these leased areas.
- (6) The Homeowner's Association (HOA) would be required to assume the responsibility for any existing improvements in the leased area.
- (7) Fees for a new lease, annual renewal of a lease, and reinstatement of an expired lease are the same as the fees established for a standard takeline sublease agreement.

In addition to the proposed amendment, staff has included an updated *Sublease Agreement* that allows Homeowner's Associations (HOA's) to sublease the takeline area. Staff should note that the City Attorney has reviewed the proposed text amendment and *Sublease Agreement*, and has provided staff with comments that have been incorporated into these documents. In accordance with Section 02.04(B) of Article 11, *Development Applications and Review Procedures*, of the Unified Development Code (UDC), the Director of Planning and Zoning brought the proposed text amendment forward to the Planning and Zoning Commission for a recommendation to the City Council. On September 12, 2023, the Planning and Zoning Commission approved a motion to recommend approval of the text amendment as written by a vote of 6-0, with Commissioner Womble absent. In addition, staff has sent out a 15-day notice to the Rockwall Herald Banner in accordance with all applicable state laws and Section 02.03(A)(3) of Article 11, *Development Applications and Review Procedures*, of the Unified Development Code (UDC). Should the City Council have any questions staff will be available at the meeting on September 18, 2023.

CITY COUNCIL MEMORANDUM

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO: Mayor and City Council
CC: Mary Smith, *City Manager*
Joey Boyd, *Assistant City Manager*
FROM: Ryan Miller, *Director of Planning and Zoning*
DATE: August 7, 2023
SUBJECT: *Text Amendment to Article 05, District Development Standards, of the UDC to Allow Homeowner's Associations (HOA's) the Ability to Lease the Lake Ray Hubbard Takeline*

On January 4, 2020, the City Council adopted changes to the *Lake Ray Hubbard Takeline Overlay (TL OV) District* [Case No. Z2020-047] for the purpose of [1] providing clearer requirements with regard to the land uses, building materials, and construction standards permitted within the takeline, [2] providing a process that incentivizes property owners to construct erosion control measures (*i.e. seawalls*) by allowing additional land uses when such measures are provided, and [3] providing for a process to try and facilitate more property owners to pursue takeline leases. Prior to the adoption of these changes, staff met with several citizens who owned property that backed up to areas of the takeline that were not leasable. These citizens were interested in creating a process that would allow Homeowner's Associations (HOA's) the ability to lease these areas of the takeline; however, this was ultimately not pursued in the changes that were brought forward to the City Council in January 2020. More recently, several residents of the Lakeside Village Subdivision have met with staff to express concern about erosion that is occurring along the banks of the takeline adjacent to this subdivision. Specifically, these residents were inquiring about constructing seawalls to correct the erosion issues. The problem that City staff encounter in considering this, is tied to the issue of allowing private property owners to make improvements on public land, and the fact that these improvements -- *after construction* -- would become the City's responsibility to maintain (*i.e. since these areas of the takeline were not leasable there is no way to tie the improvements in the takeline to the private property owner's property after construction*). To facilitate a solution to this issue, staff is proposing to amend the *Lake Ray Hubbard Takeline Overlay (TL OV) District* to allow Homeowner's Associations (HOA's) the ability to lease non-leasable areas adjacent to their jurisdictional boundaries. This would allow these property owners the ability to work with the Homeowner's Associations (HOA's) to make the necessary erosion control improvements without subjugating the City to the maintenance of these structures moving forward.

In researching this proposal, staff identified four (4) Homeowner's Associations (HOA's) that could be eligible to lease areas of the takeline that are currently unleaseable. These include: [1] the Chandler's Landing Subdivision (*i.e. adjacent to Blocks B & C, Chandler's Landing, Phase 17*), [2] the Signal Ridge Subdivision (*i.e. adjacent to Signal Ridge, Phase 4*), [3] the Water's Edge Subdivision at Lake Ray Hubbard (*aka Villas De Portofino*), and [4] the Lakeside Village Subdivision. If approved, the amendment prepared by staff -- *contained in the attached packet* -- would create the following requirements for the lease of the takeline for these Homeowner's Associations (HOA's):

- (1) A site plan would be required to be approved by the Planning and Zoning Commission that will be incorporated into the *Sublease Agreement*. This site plan will show all proposed improvements within the leased takeline area -- *which are required to be located within Activity Areas* -- and the required seawalls necessary to make these improvements.
- (2) All *Activity Areas* are permitted to be a maximum of 50-feet by 50-feet in size and be spaced a minimum of 200-feet apart.
- (3) Seawalls are required to be installed a minimum of 100-feet on either side of an *Activity Area*.
- (4) *Fixed Piers* and *Dock Decks* are required to be spaced a minimum of 200-feet apart along the leased area.
- (5) *Boathouses* are prohibited to be constructed in the takeline in these leased areas.
- (6) The Homeowner's Association (HOA) would be required to assume the responsibility for any existing improvements in the leased area.
- (7) Fees for a new lease, annual renewal of a lease, and reinstatement of an expired lease are the same as the fees established for a standard takeline sublease agreement.

In addition to the proposed amendment, staff has included an updated *Sublease Agreement* that allows Homeowner's Associations (HOA's) to sublease the takeline area. Staff should note that the City Attorney has reviewed the proposed text amendment and *Sublease Agreement*, and has provided staff with comments that have been incorporated into these documents. Should the City Council choose to direct staff to proceed with this text amendment, the proposed amendment would be subject to the following schedule:

Planning and Zoning Commission Work Session: August 29, 2023
Planning and Zoning Commission Public Hearing: September 12, 2023
City Council Public Hearing/First Reading: September 18, 2023
City Council Second Reading: October 2, 2023

Should the City Council have any questions concerning the proposed text amendment, staff will be available at the meeting on August 7, 2023.

SUBSECTION 06.16: LAKE RAY HUBBARD TAKELINE OVERLAY (TL OV) DISTRICT

- (A) **Purpose.** The purpose of the *Lake Ray Hubbard Takeline Overlay (TL OV) District* is to permit the development of property along the shoreline of Lake Ray Hubbard under certain regulatory conditions governing permitted uses and development standards, setting forth the procedures for the development of said property, and establishing an appeal process for the development standards of the district. This zoning district has its basis in and is intended to serve as an implementation tool for the Lake Ray Hubbard Master Plan (adopted by the City of Dallas), the Lake Ray Hubbard Interlocal Agreement as approved by those municipalities comprising the *Lake Cities Coalition* (i.e. Garland, Rockwall, and Rowlett) and the City of Dallas, and the OURHometown Vision 2040 Comprehensive Plan. The adoption of this zoning district is intended to provide a means for the protection of water quality.
- (B) **Boundaries.** The Lake Ray Hubbard Takeline (TL OV) District includes all property that is located between the City of Dallas Takeline as shown on the boundary map for Lake Ray Hubbard (i.e. File 612D-1 on file in the City of Dallas Records Vault and depicted below in Figure 2632, Lake Ray Hubbard Takeline [TL OV] District Map) and the meandering of the contour line 435.5-foot sea level elevation. In addition, Figure 2733: Elevation Contours, shows the elevation zones used to delineate where certain land uses are permitted.

FIGURE 33: ELEVATION CONTOUR ZONES

1: REAR PROPERTY LINE/TAKE LINE; **2:** 438.0 ELEVATION ZONE; **3:** 435.5 ELEVATION ZONE; **4:** 425.5 ELEVATION ZONE; **5:** SEAWALL;

- (C) **Applicability.**
 - (1) **Applicable Lots.** The standards set forth within Subsection 06.16, *Lake Ray Hubbard Takeline Overlay (TL OV) District*, shall apply only to those lots within the takeline that are zoned and used for detached, single-family residential land uses, and that either have a minimum lot width of 45-feet when measured at the front building line or a minimum width of 35-feet at the front building line when located on a curved street or cul-de-sac or Homeowner's Association (HOA) that are eligible to lease. The properties and Homeowner's Associations (HOA's) that are eligible to lease the takeline area are depicted in Figure

2632: Lake Ray Hubbard Takeline Overlay (TL OV) District Map above.

(2) Exceptions for Lots Not Meeting the Applicability Standards.

The City Council shall have the authority to consider special exceptions to the eligibility standards set forth within this section that apply to those lots within the Lake Ray Hubbard Takeline Overlay (TL OV) District that are zoned and used for detached, attached, or zero-lot-line single-family residential land uses and meet the minimum lot width requirements as prescribed in Subsection 06.15(C)(1) above.

(D) Definitions. The terms used in this section shall be as defined in this Unified Development Code (UDC), the Lake Ray Hubbard Interlocal Agreement, and the sublease agreements prepared by the City of Rockwall. For specific land use definitions refer to Subsection (JK), Specifications for Permitted Land Uses. In addition, the following terms shall be defined as follows:

- (1) Catwalk. The narrow walkway of a dock providing people access to moored watercraft.
- (2) Centerline. An established line that is equidistant from the surface or sides of something (e.g. *parcel boundaries*).
- (3) Cleat. A metal fitting with two (2) projecting pieces used to wrap a rope around to secure a watercraft in position.
- (4) Dredging. The process of deepening a waterway for the safe and efficient movement of watercraft by the removal of dirt either by digging or by suction.
- (5) Habitable Structure. A structure fit for human habitation usually containing amenities (e.g. *fireplace, furniture, plumbing, bathing facilities, and cooking facilities*). Structures allowed by this section shall not be habitable structures and may not contain such amenities.
- (6) Lake. Refers to Lake Ray Hubbard.
- (7) Lake Area. The City of Dallas property, known as Lake Ray Hubbard, that is normally submerged by the lake at a normal lake pool elevation (i.e. *property at or below an elevation of 435.5-foot mean sea level*).
- (8) Leased Area. Means the take area that is within the corporate limits of the City of Rockwall, or where the takeline is directly adjacent to the corporate limits of the City of Rockwall.
- (9) Lift. A temporary means of elevating a watercraft out of the water by use of a hoist.
- (10) Locker Box. A secured chest fixed onto a dock used for storage of watercraft equipment.
- (11) Moor. Securing a watercraft to a fixed object such as a fixed cleat on a seawall while the watercraft is still in the water.
- (12) Mooring. A place where a watercraft can be tied up and secured while in the water (e.g. *a slip*) for not more than 156-consecutive hours.
- (13) Power Source Station. Used as a power supply for lighting a dock just below watercraft level.

(14) Shoreline. Refers to the line along the shore of the lake, established by the normal lake pool elevations (i.e. *435.5-foot mean sea level*).

(15) Slip. A watercraft's berth between two (2) piers or between finger piers.

(16) Take or Takeline Area. Refers to the land owned by Dallas between the takeline and the normal lake pool elevations (i.e. *435.5-foot mean sea level*).

(17) Treated Wood. Wood treated by the impregnation or application of chemical solutions or chemical mixtures for the purpose of retarding or preventing deterioration or destruction cause by insects, fungi, bacteria, or other wood destroying organisms.

(18) View Clear Zone. The area within the view preservation angle where no new structures or plantings shall exceed six (6) feet above the existing grade to maintain neighboring views.

(19) View Corridor. A sight passage recognized as holding an intangible asset for a property owner and for a community due to the unique visual qualities of distant terrain, woodlands, wetlands, grasslands, skylines, and manmade lakes expressed through a view preservation angle from either a generally recognized center point or various center points along a road corridor or public view area (see Figure 28: Visual Measurements for View Corridors of Subsection (E)).

(20) View Preservation Angle. The angle determined as the line extending from the center point -- or 30-foot point depending on lot size -- along the quarter distance line of the leased area extending back toward the opposite corner where the takeline area crosses the lease area's side yard (see Figure 28: Visual Measurements for View Corridors).

(21) Watercraft (or Boat). A craft for water transport. Examples of watercrafts are as follows:

- (a) Motorized Boat. A boat propelled by an internal combustion engine.
- (b) Sail Boat. A boat with a mast and sail propelled by the wind.

(E) Visual Measurements for View Corridors.

(1) View Corridors. View clear zones are established to protect a property owner's views of the lake and to maintain the aesthetic value of the lake's shoreline. The view clear zones for the takeline areas are established by the shoreline frontage of the takeline lease area. This measurement is determined by projecting the lease areas side yards to the normal pool elevation (i.e. *435.5-foot mean sea level*), and connecting these two (2) points in a straight line (see Figure 2834: Visual Measurements for View Corridors). Based on this linear measurement, the view clear zones are determined by the following:

- (a) Lots That Have Less Than 100-Feet of Shoreline Frontage. The view corridor for lots that have less than 100-feet of shoreline frontage is defined by the view preservation angle determined as the quarter distance (i.e. 25%) center point from the shoreline frontage line

along the centerline of the leasing property owner's side yard with the angle running from the quarter distance center point to the opposite corners where the takeline area crosses the lease area's side yard. Those areas that fall inside of the view clear zones will be restricted from any type of new improvements or plantings exceeding six (6) feet in height with the exception of boat-related uses, which will be allowed by an administrative exception in accordance with [Subsection \(F\)\(2\)\(d\)](#).

- (b) Lots That Have More 100-Foot or More Shoreline Frontage. The view corridor for lots that have 100-foot or more shoreline frontage are defined by the view preservation angle determined as the quarter distance (i.e. 25%) line projected from the shoreline frontage line extending from the leasing property owner's side yard 30-foot along the quarter distance line and running from this point to the opposite corners where the takeline area crosses the lease area's side yard, and in a straight line from the 30-foot point on the quarter distance line to the shoreline frontage line. Those areas that fall inside of the view clear zones will be restricted from any type of new improvements or plantings exceeding six (6) feet in height with the exception of boat-related uses, which will be allowed by an administrative exception in accordance with [Subsection \(F\)\(2\)\(d\)](#).

(F) General Requirements. The following general requirements shall apply for all property in the takeline area.

- (1) Number of Permitted Structures. The following is the maximum number of structures that shall be permitted in each elevation zone (NOTE: in this case a structure is defined as any of the permitted uses specified in [Subsection \(JK\)](#), [Specifications for Permitted Land Uses](#) that exceeds six [6] feet in height):
 - (a) 438.0 Elevation Zone: Two (2) structures shall be permitted in the 438.0 Elevation Zone.
 - (b) 435.5 Elevation Zone. One (1) structure shall be permitted in the 435.5 Elevation Zone.
- (2) General Location of Permitted Structures. The following requirements relate to where structures should be generally located in each elevation zone (NOTE: in this case a structure is defined as any of the permitted uses specified in [Subsection \(JK\)](#), [Specifications for Permitted Land Uses](#) that exceeds six [6] feet in height):

FIGURE 34: VISUAL MEASUREMENTS FOR VIEW CORRIDORS

- (a) 438.0 Elevation Zone: Structures in the 438.0 Elevation Zone should be located outside of the view clear zones unless specifically permitted to be in the view clear zone by Subsection (JK), Specifications for Permitted Land Uses.
 - (b) 435.5 Elevation Zone: Structures in the 435.5 Elevation Zone should be generally centered in the lease area -- equal distance from both leased side yard boundary lines -- behind the primary structure on the leasing property and outside of the view clear zones unless specifically permitted to be in the view clear zone by Subsection (JK), Specifications for Permitted Land Uses.
 - (c) 425.5 Elevation Zone: Structures located in the 425.5 Elevation Zone should be generally centered along the shoreline -- equal distance from both the leased side yard boundary lines -- behind the primary structure of the leasing property.
 - (d) Administrative Exception for the 435.5 & 425.5 Elevation Zone: In cases where it is [1] not feasible to construct a structure in the center of the lease area or along the shoreline, [2] will increase the view corridor or benefit the surrounding properties by not centering a structure in the lease area, or [3] where centering the structure will create an undue hardship to the property owner leasing the lease area, the Director of Planning and Zoning or his/her designee may approve an administrative exception to allow an alternate location that is not generally centered in the lease area as long as the location for the proposed structure is outside of the view clear zone. In approving these requests, the Director of Planning and Zoning or his/her designee shall consider the impact of the proposed structure on the adjacent property owners.
- (3) Building Materials. The permitted building materials shall be as stipulated in Subsection (JK), Specifications for Permitted Land Uses, and as permitted by the City Council through a Specific Use Permit (SUP); however, the use of canvas, cloth, or like materials shall be prohibited within the takeline area. In addition, loose ground materials (e.g. sand, fill, pea gravel) that could be used for trails, paths, play areas, active sports activities, or as exposed landscape bedding material are prohibited.
- (4) Trees. In order to plant or remove a tree in the takeline area, a Treescape Plan showing the exact location, size (i.e. trunk diameter and height), and common name of the tree to be planted or removed will be required to be submitted to the Parks and Recreation Department. A permit to plant or remove a tree may be approved administratively by the Director of Parks and Recreation or his/her designee, or forwarded to the Parks and Recreation Board for approval. In reviewing a request to plant or remove a tree, the following criteria shall apply:
- (a) Planting Trees. Trees are permitted to be planted within the 438.0 Elevation Zone pending they are [1] not a variety specifically listed in the prohibited tree list contained in Section 03, Tree Planting Guidelines and Requirements, of Appendix C, Landscaping Guidelines

and Requirements, and [2] they are not located within the view clear zone outlined Subsection (E), Visual Measurements. The Director of Parks and Recreation or his/her designee may grant an exception to allow a tree to be planted in the view clear zone where it is determined that the tree will not decrease the visibility of the lake or shoreline for the adjacent properties. In making this determination, the Director of Parks and Recreation shall consider the size of the proposed tree at maturity.

- (b) Removing Trees. Trees are permitted to be removed only if they are determined to be damaged or diseased, or if they create a hazardous or dangerous condition that could endanger the public health, safety or welfare of the general public.
- (5) Temporary Structures on Lease Property in the Takeline Area. Temporary structures (e.g. portable residential barbecue grills and ranges, trampolines, etc.) are permitted to be brought out into the takeline area providing that they are not allowed to remain in any part of the takeline area for more than 72 consecutive hours unless completely enclosed within a fenced area constructed in accordance with Subsection 06.15(JK)(6). For temporary structures on unleased property in the takeline area see Article III, Offenses Regarding the Use of the Lake Ray Hubbard Takeline, of Chapter 22, Miscellaneous Offenses of the Municipal Code of Ordinances.
- (G) Residential Sublease Agreement. A Residential Sublease Agreement is an agreement between a property owner and the City of Rockwall that grants the property owner certain rights to the exclusive use of the takeline area. A Residential Sublease Agreement shall be required to build certain structures within the takeline area. **The area to be leased by a single-family property owner shall be directly contiguous to the boundaries of the property and are only permitted in the areas depicted in GREEN on Figure 32, Lake Ray Hubbard Takeline (TL OV) District Map.** It shall be a violation of the zoning code to build or maintain a structure in the takeline area without a valid Residential Sublease Agreement. An owner in violation of this section shall be subject to the requirements of Section 01, Penalties, of Article 12, Enforcement, of the Unified Development Code (UDC). The following shall be the costs associated with a Residential Sublease Agreement:

Lease	Fees
New Lease (i.e. New Never Leased by Current Owner) ²	\$200.00
Annual Renewal of a Lease	\$100.00
Change of Ownership of a Valid Lease	\$50.00
Reinstatement of an Expired Lease (i.e. Same Property Owner) ³	\$500.00

NOTES:

- ¹: To be subject to these new fees, a lease entered into after January 1, 2021 will be required (i.e. the effective date of the amendment adopting these fees).
- ²: A lease is considered to be new under the following circumstances: [1] the property has never had a valid lease agreement, or [2] the property had a valid lease under different ownership but that lease agreement expired prior to the current owner taking possession of the property.

3: A lease is considered to be a reinstatement when it lapses or expires under the current ownership, and then the same owner requests a new lease.

(H) Homeowner's Association (HOA) Sublease Agreement. A Homeowner's Association (HOA) Sublease Agreement is an agreement between a Homeowner's Association (HOA) and the City of Rockwall that grants the HOA certain rights to the exclusive use of the takeline area for their members. The area to be leased by the Homeowner's Association (HOA) shall be directly contiguous to the boundaries of the HOA and are only permitted in the areas depicted in ORANGE on Figure 32, Lake Ray Hubbard Takeline [TL OV] District Map. It shall be a violation of the zoning code to build or maintain a structure in the takeline area without a valid Homeowner's Association (HOA) Sublease Agreement. A Homeowner's Association (HOA) in violation of this section shall be subject to the requirements of Section 01, Penalties, of Article 12, Enforcement, of the Unified Development Code (UDC). The requirements for a Homeowner's Association (HOA) Sublease Agreement are as follows:

(1) Site Plan. Prior to the execution of a Homeowner's Association (HOA) Sublease Agreement, the Homeowner's Association (HOA) shall submit a Site Plan to the Director of Planning and Zoning in accordance with the procedures outlined in Subsection 01.02, Submission of an Application, of Article 11, Development Applications and Review Procedures, of the Unified Development Code (UDC). The Site Plan shall show all of the Activity Areas [see Subsection (H)(2) below], the proposed improvements for these areas, the required seawalls, fixed piers and/or dock decks, private walkways, and any landscaping for the leased area. The Planning and Zoning Commission shall review the Site Plan in accordance with the procedures contained in Section 03, Site Plans, of Article 11, Development Applications and Review Procedures, of the Unified Development Code (UDC). Upon approval of a Site Plan, the approved Site Plan shall be incorporated into the Homeowner's Association (HOA) Sublease Agreement. Should the Homeowner's Association (HOA) choose to amend the Site Plan, the Site Plan shall be amended in accordance with the procedures of Subsection 03.06, Amended Site Plan, of Article 11, Development Applications and Review Procedures, of the Unified Development Code (UDC). Upon approval of an amendment to the Site Plan, a new Homeowner's Association (HOA) Sublease Agreement shall be drafted containing the Amended Site Plan and superseding the original Homeowner's Association (HOA) Sublease Agreement.

(2) Activity Areas. In lieu of the requirements of Subsections (F)(1), Number of Permitted Structures, and (F)(2), General Location of Permitted Structures, -- and as part of the required Site Plan outlined in Subsection (H)(1) above -- the Homeowner's Association (HOA) shall identify Activity Areas where improvements can/will be made within the leased area. Improvements outside of the Activity Areas -- with the exception of landscaping and private walkways -- shall be prohibited for the purpose of preserving the view corridors of the existing residential properties. The Activity Areas shall generally adhere to the following requirements:

(a) Size. Activity Areas should not be larger than 50-feet by 50-feet, unless otherwise approved by the Planning and Zoning Commission. In reviewing the Activity Areas, the Planning and Zoning Commission shall consider how the proposed size affects the view corridors of the adjacent residential properties.

(b) Location. Activity Areas shall be spaced so that they are a minimum of 200-feet apart, and be setback a minimum of 25-feet from the rear or side yard property line of any residential property. In addition, the Activity Areas shall be located in a manner that will create the least amount of impact to the adjacent property owners and their view corridors.

(c) Seawalls. Prior to the construction of an Activity Area, a seawall, conforming to Subsection (K), Specifications for Permitted Land Uses, and extending 100-feet on either side of the Activity Area, shall be required to be constructed.

(3) Fixed Piers and Dock Decks. Fixed piers and dock decks, conforming to Subsection (K), Specifications for Permitted Land Uses and spaced a minimum of 200-feet apart, are permitted along the leased area; however, a seawall, conforming to Subsection (K), Specifications for Permitted Land Uses and extending 100-feet on either side of the fixed pier or dock deck, shall be required with the proposed improvements.

(4) Prohibited Land Uses. Boathouses, as defined in Subsection (K), Specifications for Permitted Land Uses, shall be prohibited in the leased area associated with any Homeowner's Association (HOA) Sublease Agreement; however, in the event a boathouse existed in the leased area prior to the execution of the Homeowner's Association (HOA) Sublease Agreement, the HOA shall assume responsibility for the existing improvement in accordance with Subsection (H)(5) below.

(5) Existing Improvements. As part of the Homeowner's Association (HOA) Sublease Agreement, the HOA shall be required to assume responsibility for any existing improvements and the maintenance of these improvements in the leased area.

(6) Fees. The following shall be the costs associated with a Homeowner's Association (HOA) Sublease Agreement:

Lease	Fees
New Lease (i.e. New Never Leased by HOA) ¹	\$200.00
Annual Renewal of a Lease	\$100.00
Reinstatement of an Expired Lease (i.e. Same HOA) ²	\$500.00

NOTES:

¹: A lease is considered to be new if the property has never had a valid lease agreement or if a site plan has been amended in accordance with the procedures of Subsection (H)(1).

²: A lease is considered to be a reinstatement when it lapses or expires, and then the Homeowner's Association (HOA) requests a new lease.

(H)(1) Permitted Uses. All of the uses permitted within the Lake Ray Hubbard Takeline Overlay (TL OV) District shall adhere to all other

applicable codes and the permitting requirements of the City of Rockwall. For a list of permitted land uses see [Subsection \(JL\), Specifications for Permitted Land Uses](#), or [Subsection 07.05, Lake Ray Hubbard Takeline Overlay \(TL OV\) District Development Standards](#).

(H)(J) Specific Use Permits (SUPs). A Specific Use Permit (SUP) may be requested for: [1] any use that is not listed in [Subsection \(JK\), Specifications for Permitted Land Uses](#) or [2] any structure that does not adhere to the requirements stipulated for that use or structure as required by [Subsection \(JK\), Specifications for Permitted Land Uses](#); however, a request for a Specific Use Permit (SUP) cannot be requested if a dimensional, material, size, or location standard stipulated in [Subsection \(JK\), Specifications for Permitted Land Uses](#), or [Subsection \(F\), General Requirements](#), is expressly prohibited. In addition, no requests can be made that violate the view corridor requirements stipulated in [Subsection \(E\), Visual Measurements](#). A Specific Use Permit (SUP) may be requested for water related land uses that are not specifically addressed in [Subsection \(JK\), Specifications for Permitted Land Uses](#), (e.g. jet ski lift) pending the applicant provides a letter of consent from the City of Dallas prior to making the application. In considering a Specific Use Permit (SUP) request, the City Council shall consider how the proposed request [1] impacts adjacent properties, and [2] adheres to the intent of the Lake Ray Hubbard Takeline Overlay (TL OV) District.

(H)(K) Specifications for Permitted Land Uses. See [Subsection 07.05, Lake Ray Hubbard Takeline Overlay \(TL OV\) District Development Standards](#), for a summary of the development standards for each of the following conditional uses.

(1) Barbecue Pit.

- (a) Definition. A barbecue pit is a permanent fireplace structure over which meat, poultry and other foods are roasted (for Fire Pit see [Subsection 06.15\(JK\)\(9\)](#)).
- (b) Prerequisites. A barbecue pit may only be constructed on a property that has a valid Residential Sublease Agreement from the City of Rockwall.
- (c) Elevation Zone. A barbecue pit shall be allowed in the following zones:
 - (1) 438.0: Permitted.
 - (2) 435.5: Not Permitted.
 - (3) 425.5: Not Permitted.

Erosion protection required under the sublease must be completed no later than twelve (12) months from the date of execution of the sublease, but prior to, or concurrent with, a sublessee's commencement of construction of any improvements. sublessee shall not look to the City of Dallas or the City of Rockwall for action. If any part of the subleased area becomes a Critical Area after execution of the sublease, the sublessee of a residential area may, at sublessee's option, install erosion protection in accordance with this sublease agreement and Base Lease. Erosion protection required under the sublease must be completed prior to a sublessee's commencement of construction of any improvements of any kind on the leased area, subject to the City of Rockwall's permitting process.

- (B) In areas determined to be Critical Areas or New Immediate Action Areas, as defined above (collectively referred to as "Critical Areas"), the Sublessee will be responsible for installation and maintenance of erosion control. Such required erosion protection must be completed no later than twelve (12) months from the date of execution of this Sublease, but prior to, or concurrent with, the Sublessee's commencement of construction of any improvement. If the City of Dallas has installed or performed maintenance or erosion control in any Critical Area, the Sublessee will reimburse the City of Dallas for the cost of installation and maintenance from the date of execution of the Base Lease to the later of, the date of execution of the Sublessee's sublease with the City of Rockwall, or the date of installation of the erosion control. If Dallas installed or performed maintenance or erosion control in any area that is not a Critical Area, the Sublessee will reimburse Dallas for the cost of installation and maintenance from the date of execution of the Base Lease to the date of execution of the Sublessee's sublease with the City of Rockwall (*i.e.* there will be no retroactive reimbursement obligations of the Sublessee in a non-Critical Area; the full extent of the erosion reimbursement obligations of the Sublessee in a non-Critical Area will be known at the time of execution of the sublease). Reimbursements can be paid in a lump sum or over a term to be determined by Dallas. Term payments will include interest charges and the term will not exceed the life of the asset. Sublessee shall assume maintenance responsibility for existing or proposed erosion control.

The list may be expanded jointly by Dallas and the City of Rockwall should new and approved technology become available for such erosion control. If the City of Dallas or the City of Rockwall installs erosion control, it can install any type listed in the Bernard Johnson Report, or on the updated/approved listing, as it deems economically and/or environmentally feasible.
- (E) The Sublessee may reclaim lost Shoreline with the approval of the City of Rockwall and prior written approval of the City of Dallas, as determined on a case-by-case basis. Any reclamation or cut and fill in the Lake or at the Shoreline shall not reduce the usable water storage capacity or flood storage capacity of the Lake, as determined by the City of Dallas. Sublessee, or the parties performing the reclamation, will be responsible for obtaining all related permits for the reclamation, such as the U.S. Army Corps of Engineer permits.
- (F) No activities will be allowed which will increase the erosion of the Shoreline property, including any alteration of vegetation or property, as determined by the City of Dallas as described by the Bernard Johnson report.
- (G) Erosion control installations must comply with all local, state, and federal laws, regulations and requirements and shall be designed by a licensed professional engineer and installed by a competent contractor with demonstrated experience in the installation of that system.
- (H) Sublessee agrees to allow abutting Sublessee(s) to connect to the erosion protection mechanism so installed, so as not to create gaps between abutting properties in said erosion protection.

SUBSECTION 06.16: LAKE RAY HUBBARD TAKELINE OVERLAY (TL OV) DISTRICT

- (A) **Purpose.** The purpose of the *Lake Ray Hubbard Takeline Overlay (TL OV) District* is to permit the development of property along the shoreline of Lake Ray Hubbard under certain regulatory conditions governing permitted uses and development standards, setting forth the procedures for the development of said property, and establishing an appeal process for the development standards of the district. This zoning district has its basis in and is intended to serve as an implementation tool for the Lake Ray Hubbard Master Plan (adopted by the City of Dallas), the Lake Ray Hubbard Interlocal Agreement as approved by those municipalities comprising the *Lake Cities Coalition* (i.e. Garland, Rockwall, and Rowlett) and the City of Dallas, and the OURHometown Vision 2040 Comprehensive Plan. The adoption of this zoning district is intended to provide a means for the protection of water quality.
- (B) **Boundaries.** The Lake Ray Hubbard Takeline (TL OV) District includes all property that is located between the City of Dallas Takeline as shown on the boundary map for Lake Ray Hubbard (i.e. File 612D-1 on file in the City of Dallas Records Vault and depicted below in Figure 2632, *Lake Ray Hubbard Takeline [TL OV] District Map*) and the meandering of the contour line 435.5-foot sea level elevation. In addition, *Figure 2733: Elevation Contours*, shows the elevation zones used to delineate where certain land uses are permitted.

FIGURE 33: ELEVATION CONTOUR ZONES

1: REAR PROPERTY LINE/TAKE LINE; **2:** 438.0 ELEVATION ZONE; **3:** 435.5 ELEVATION ZONE; **4:** 425.5 ELEVATION ZONE; **5:** SEAWALL;

- (C) **Applicability.**
 - (1) **Applicable Lots.** The standards set forth within Subsection 06.16, *Lake Ray Hubbard Takeline Overlay (TL OV) District*, shall apply only to those lots within the takeline that are zoned and used for detached, single-family residential land uses, and that either have a minimum lot width of 45-feet when measured at the front building line or a minimum width of 35-feet at the front building line when located on a curved street or cul-de-sac or Homeowner's Association (HOA) that are eligible to lease. The properties and Homeowner's Associations (HOA's) that are eligible to lease the takeline area are depicted in *Figure*

2632: Lake Ray Hubbard Takeline Overlay (TL OV) District Map above.

(2) Exceptions for Lots Not Meeting the Applicability Standards.

The City Council shall have the authority to consider special exceptions to the eligibility standards set forth within this section that apply to those lots within the Lake Ray Hubbard Takeline Overlay (TL OV) District that are zoned and used for detached, attached, or zero-lot-line single-family residential land uses and meet the minimum lot width requirements as prescribed in Subsection 06.15(C)(1) above.

(D) Definitions. The terms used in this section shall be as defined in this Unified Development Code (UDC), the Lake Ray Hubbard Interlocal Agreement, and the sublease agreements prepared by the City of Rockwall. For specific land use definitions refer to Subsection (JK), Specifications for Permitted Land Uses. In addition, the following terms shall be defined as follows:

- (1) Catwalk. The narrow walkway of a dock providing people access to moored watercraft.
- (2) Centerline. An established line that is equidistant from the surface or sides of something (e.g. *parcel boundaries*).
- (3) Cleat. A metal fitting with two (2) projecting pieces used to wrap a rope around to secure a watercraft in position.
- (4) Dredging. The process of deepening a waterway for the safe and efficient movement of watercraft by the removal of dirt either by digging or by suction.
- (5) Habitable Structure. A structure fit for human habitation usually containing amenities (e.g. *fireplace, furniture, plumbing, bathing facilities, and cooking facilities*). Structures allowed by this section shall not be habitable structures and may not contain such amenities.
- (6) Lake. Refers to Lake Ray Hubbard.
- (7) Lake Area. The City of Dallas property, known as Lake Ray Hubbard, that is normally submerged by the lake at a normal lake pool elevation (i.e. *property at or below an elevation of 435.5-foot mean sea level*).
- (8) Leased Area. Means the take area that is within the corporate limits of the City of Rockwall, or where the takeline is directly adjacent to the corporate limits of the City of Rockwall.
- (9) Lift. A temporary means of elevating a watercraft out of the water by use of a hoist.
- (10) Locker Box. A secured chest fixed onto a dock used for storage of watercraft equipment.
- (11) Moor. Securing a watercraft to a fixed object such as a fixed cleat on a seawall while the watercraft is still in the water.
- (12) Mooring. A place where a watercraft can be tied up and secured while in the water (e.g. *a slip*) for not more than 156-consecutive hours.
- (13) Power Source Station. Used as a power supply for lighting a dock just below watercraft level.

(14) Shoreline. Refers to the line along the shore of the lake, established by the normal lake pool elevations (i.e. *435.5-foot mean sea level*).

(15) Slip. A watercraft's berth between two (2) piers or between finger piers.

(16) Take or Takeline Area. Refers to the land owned by Dallas between the takeline and the normal lake pool elevations (i.e. *435.5-foot mean sea level*).

(17) Treated Wood. Wood treated by the impregnation or application of chemical solutions or chemical mixtures for the purpose of retarding or preventing deterioration or destruction cause by insects, fungi, bacteria, or other wood destroying organisms.

(18) View Clear Zone. The area within the view preservation angle where no new structures or plantings shall exceed six (6) feet above the existing grade to maintain neighboring views.

(19) View Corridor. A sight passage recognized as holding an intangible asset for a property owner and for a community due to the unique visual qualities of distant terrain, woodlands, wetlands, grasslands, skylines, and manmade lakes expressed through a view preservation angle from either a generally recognized center point or various center points along a road corridor or public view area (see Figure 28: Visual Measurements for View Corridors of Subsection (E)).

(20) View Preservation Angle. The angle determined as the line extending from the center point -- or 30-foot point depending on lot size -- along the quarter distance line of the leased area extending back toward the opposite corner where the takeline area crosses the lease area's side yard (see Figure 28: Visual Measurements for View Corridors).

(21) Watercraft (or Boat). A craft for water transport. Examples of watercrafts are as follows:

- (a) Motorized Boat. A boat propelled by an internal combustion engine.
- (b) Sail Boat. A boat with a mast and sail propelled by the wind.

(E) Visual Measurements for View Corridors.

(1) View Corridors. View clear zones are established to protect a property owner's views of the lake and to maintain the aesthetic value of the lake's shoreline. The view clear zones for the takeline areas are established by the shoreline frontage of the takeline lease area. This measurement is determined by projecting the lease areas side yards to the normal pool elevation (i.e. *435.5-foot mean sea level*), and connecting these two (2) points in a straight line (see Figure 2834: Visual Measurements for View Corridors). Based on this linear measurement, the view clear zones are determined by the following:

- (a) Lots That Have Less Than 100-Feet of Shoreline Frontage. The view corridor for lots that have less than 100-feet of shoreline frontage is defined by the view preservation angle determined as the quarter distance (i.e. 25%) center point from the shoreline frontage line

along the centerline of the leasing property owner's side yard with the angle running from the quarter distance center point to the opposite corners where the takeline area crosses the lease area's side yard. Those areas that fall inside of the view clear zones will be restricted from any type of new improvements or plantings exceeding six (6) feet in height with the exception of boat-related uses, which will be allowed by an administrative exception in accordance with [Subsection \(F\)\(2\)\(d\)](#).

- (b) Lots That Have More 100-Foot or More Shoreline Frontage. The view corridor for lots that have 100-foot or more shoreline frontage are defined by the view preservation angle determined as the quarter distance (i.e. 25%) line projected from the shoreline frontage line extending from the leasing property owner's side yard 30-foot along the quarter distance line and running from this point to the opposite corners where the takeline area crosses the lease area's side yard, and in a straight line from the 30-foot point on the quarter distance line to the shoreline frontage line. Those areas that fall inside of the view clear zones will be restricted from any type of new improvements or plantings exceeding six (6) feet in height with the exception of boat-related uses, which will be allowed by an administrative exception in accordance with [Subsection \(F\)\(2\)\(d\)](#).

(F) General Requirements. The following general requirements shall apply for all property in the takeline area.

- (1) Number of Permitted Structures. The following is the maximum number of structures that shall be permitted in each elevation zone (*NOTE: in this case a structure is defined as any of the permitted uses specified in [Subsection \(JK\)](#), [Specifications for Permitted Land Uses](#) that exceeds six [6] feet in height*):
 - (a) 438.0 Elevation Zone: Two (2) structures shall be permitted in the 438.0 Elevation Zone.
 - (b) 435.5 Elevation Zone. One (1) structure shall be permitted in the 435.5 Elevation Zone.
- (2) General Location of Permitted Structures. The following requirements relate to where structures should be generally located in each elevation zone (*NOTE: in this case a structure is defined as any of the permitted uses specified in [Subsection \(JK\)](#), [Specifications for Permitted Land Uses](#) that exceeds six [6] feet in height*):

- (a) 438.0 Elevation Zone: Structures in the 438.0 Elevation Zone should be located outside of the view clear zones unless specifically permitted to be in the view clear zone by Subsection (JK), Specifications for Permitted Land Uses.
 - (b) 435.5 Elevation Zone: Structures in the 435.5 Elevation Zone should be generally centered in the lease area -- equal distance from both leased side yard boundary lines -- behind the primary structure on the leasing property and outside of the view clear zones unless specifically permitted to be in the view clear zone by Subsection (JK), Specifications for Permitted Land Uses.
 - (c) 425.5 Elevation Zone: Structures located in the 425.5 Elevation Zone should be generally centered along the shoreline -- equal distance from both the leased side yard boundary lines -- behind the primary structure of the leasing property.
 - (d) Administrative Exception for the 435.5 & 425.5 Elevation Zone: In cases where it is [1] not feasible to construct a structure in the center of the lease area or along the shoreline, [2] will increase the view corridor or benefit the surrounding properties by not centering a structure in the lease area, or [3] where centering the structure will create an undue hardship to the property owner leasing the lease area, the Director of Planning and Zoning or his/her designee may approve an administrative exception to allow an alternate location that is not generally centered in the lease area as long as the location for the proposed structure is outside of the view clear zone. In approving these requests, the Director of Planning and Zoning or his/her designee shall consider the impact of the proposed structure on the adjacent property owners.
- (3) Building Materials. The permitted building materials shall be as stipulated in Subsection (JK), Specifications for Permitted Land Uses, and as permitted by the City Council through a Specific Use Permit (SUP); however, the use of canvas, cloth or like materials shall be prohibited within the takeline area. In addition, loose ground materials (e.g. sand, fill, pea gravel) that could be used for trails, paths, play areas, active sports activities, or as exposed landscape bedding material are prohibited.
- (4) Trees. In order to plant or remove a tree in the takeline area, a Treescape Plan showing the exact location, size (i.e. trunk diameter and height), and common name of the tree to be planted or removed will be required to be submitted to the Parks and Recreation Department. A permit to plant or remove a tree may be approved administratively by the Director of Parks and Recreation or his/her designee, or forwarded to the Parks and Recreation Board for approval. In reviewing a request to plant or remove a tree, the following criteria shall apply:
- (a) Planting Trees. Trees are permitted to be planted within the 438.0 Elevation Zone pending they are [1] not a variety specifically listed in the prohibited tree list contained in Section 03, Tree Planting Guidelines and Requirements, of Appendix C, Landscaping Guidelines

and Requirements, and [2] they are not located within the view clear zone outlined Subsection (E), Visual Measurements. The Director of Parks and Recreation or his/her designee may grant an exception to allow a tree to be planted in the view clear zone where it is determined that the tree will not decrease the visibility of the lake or shoreline for the adjacent properties. In making this determination, the Director of Parks and Recreation shall consider the size of the proposed tree at maturity.

- (b) Removing Trees. Trees are permitted to be removed only if they are determined to be damaged or diseased, or if they create a hazardous or dangerous condition that could endanger the public health, safety or welfare of the general public.

(5) Temporary Structures on Lease Property in the Takeline Area. Temporary structures (e.g. portable residential barbecue grills and ranges, trampolines, etc.) are permitted to be brought out into the takeline area providing that they are not allowed to remain in any part of the takeline area for more than 72 consecutive hours unless completely enclosed within a fenced area constructed in accordance with Subsection 06.15(JK)(6). For temporary structures on unleased property in the takeline area see Article III, Offenses Regarding the Use of the Lake Ray Hubbard Takeline, of Chapter 22, Miscellaneous Offenses of the Municipal Code of Ordinances.

(G) Residential Sublease Agreement. A Residential Sublease Agreement is an agreement between a property owner and the City of Rockwall that grants the property owner certain rights to the exclusive use of the takeline area. A Residential Sublease Agreement shall be required to build certain structures within the takeline area. **The area to be leased by a single-family property owner shall be directly contiguous to the boundaries of the property and are only permitted in the areas depicted in GREEN on Figure 32, Lake Ray Hubbard Takeline (TL OV) District Map.** It shall be a violation of the zoning code to build or maintain a structure in the takeline area without a valid Residential Sublease Agreement. An owner in violation of this section shall be subject to the requirements of Section 01, Penalties, of Article 12, Enforcement, of the Unified Development Code (UDC). The following shall be the costs associated with a Residential Sublease Agreement:

Lease	Fees
New Lease (i.e. New Never Leased by Current Owner) ²	\$200.00
Annual Renewal of a Lease	\$100.00
Change of Ownership of a Valid Lease	\$50.00
Reinstatement of an Expired Lease (i.e. Same Property Owner) ³	\$500.00

NOTES:

- ¹: To be subject to these new fees, a lease entered into after January 1, 2021 will be required (i.e. the effective date of the amendment adopting these fees).
- ²: A lease is considered to be new under the following circumstances: [1] the property has never had a valid lease agreement, or [2] the property had a valid lease under different ownership but that lease agreement expired prior to the current owner taking possession of the property.

3: A lease is considered to be a reinstatement when it lapses or expires under the current ownership, and then the same owner requests a new lease.

(H) Homeowner's Association (HOA) Sublease Agreement. A Homeowner's Association (HOA) Sublease Agreement is an agreement between a Homeowner's Association (HOA) and the City of Rockwall that grants the HOA certain rights to the exclusive use of the takeline area for their members. The area to be leased by the Homeowner's Association (HOA) shall be directly contiguous to the boundaries of the HOA and are only permitted in the areas depicted in ORANGE on Figure 32, Lake Ray Hubbard Takeline [TL OV] District Map. It shall be a violation of the zoning code to build or maintain a structure in the takeline area without a valid Homeowner's Association (HOA) Sublease Agreement. A Homeowner's Association (HOA) in violation of this section shall be subject to the requirements of Section 01, Penalties, of Article 12, Enforcement, of the Unified Development Code (UDC). The requirements for a Homeowner's Association (HOA) Sublease Agreement are as follows:

(1) Site Plan. Prior to the execution of a Homeowner's Association (HOA) Sublease Agreement, the Homeowner's Association (HOA) shall submit a Site Plan to the Director of Planning and Zoning in accordance with the procedures outlined in Subsection 01.02, Submission of an Application, of Article 11, Development Applications and Review Procedures, of the Unified Development Code (UDC). The Site Plan shall show all of the Activity Areas [see Subsection (H)(2) below], the proposed improvements for these areas, the required seawalls, fixed piers and/or dock decks, private walkways, and any landscaping for the leased area. The Planning and Zoning Commission shall review the Site Plan in accordance with the procedures contained in Section 03, Site Plans, of Article 11, Development Applications and Review Procedures, of the Unified Development Code (UDC). Upon approval of a Site Plan, the approved Site Plan shall be incorporated into the Homeowner's Association (HOA) Sublease Agreement. Should the Homeowner's Association (HOA) choose to amend the Site Plan, the Site Plan shall be amended in accordance with the procedures of Subsection 03.06, Amended Site Plan, of Article 11, Development Applications and Review Procedures, of the Unified Development Code (UDC). Upon approval of an amendment to the Site Plan, a new Homeowner's Association (HOA) Sublease Agreement shall be drafted containing the Amended Site Plan and superseding the original Homeowner's Association (HOA) Sublease Agreement.

(2) Activity Areas. In lieu of the requirements of Subsections (F)(1), Number of Permitted Structures, and (F)(2), General Location of Permitted Structures, -- and as part of the required Site Plan outlined in Subsection (H)(1) above -- the Homeowner's Association (HOA) shall identify Activity Areas where improvements can/will be made within the leased area. Improvements outside of the Activity Areas -- with the exception of landscaping and private walkways -- shall be prohibited for the purpose of preserving the view corridors of the existing residential properties. The Activity Areas shall generally adhere to the following requirements:

(a) Size. Activity Areas should not be larger than 50-feet by 50-feet, unless otherwise approved by the Planning and Zoning Commission. In reviewing the Activity Areas, the Planning and Zoning Commission shall consider how the proposed size affects the view corridors of the adjacent residential properties.

(b) Location. Activity Areas shall be spaced so that they are a minimum of 200-feet apart, and be setback a minimum of 25-feet from the rear or side yard property line of any residential property. In addition, the Activity Areas shall be located in a manner that will create the least amount of impact to the adjacent property owners and their view corridors.

(c) Seawalls. Prior to the construction of an Activity Area, a seawall, conforming to Subsection (K), Specifications for Permitted Land Uses, and extending 100-feet on either side of the Activity Area, shall be required to be constructed.

(3) Fixed Piers and Dock Decks. Fixed piers and dock decks, conforming to Subsection (K), Specifications for Permitted Land Uses and spaced a minimum of 200-feet apart, are permitted along the leased area; however, a seawall, conforming to Subsection (K), Specifications for Permitted Land Uses and extending 100-feet on either side of the fixed pier or dock deck, shall be required with the proposed improvements.

(4) Prohibited Land Uses. Boathouses, as defined in Subsection (K), Specifications for Permitted Land Uses, shall be prohibited in the leased area associated with any Homeowner's Association (HOA) Sublease Agreement; however, in the event a boathouse existed in the leased area prior to the execution of the Homeowner's Association (HOA) Sublease Agreement, the HOA shall assume responsibility for the existing improvement in accordance with Subsection (H)(5) below.

(5) Existing Improvements. As part of the Homeowner's Association (HOA) Sublease Agreement, the HOA shall be required to assume responsibility for any existing improvements and the maintenance of these improvements in the leased area.

(6) Fees. The following shall be the costs associated with a Homeowner's Association (HOA) Sublease Agreement:

Lease	Fees
New Lease (i.e. New Never Leased by HOA) ¹	\$200.00
Annual Renewal of a Lease	\$100.00
Reinstatement of an Expired Lease (i.e. Same HOA) ²	\$500.00

Dredging of the lake area is allowed for the berthing of a motorized boat into a *fixed pier* provided that the dredging does not exacerbate shoreline erosion, lake siltation, water quality degradation, wetlands instability, or the integrity of any built structure, and the dredged channel is maintained for boating maneuverability to a depth of 425.0-foot mean sea level and a width area allowable for safe boating maneuverability. Property authorization to dredge must be obtained from the City of Rockwall, City of Dallas, US Army Corps of Engineers, and the Texas Parks and Wildlife Department. PLANNING AND ZONING DEPARTMENT

385 S. GOLIAD STREET • ROCKWALL, TX 75087

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO: Mayor and City Council
DATE: September 18, 2023
APPLICANT: Kaylee and Taylor Henson
CASE NUMBER: Z2023-040; *Specific Use Permit (SUP) for a Residential Infill Adjacent to an Established Subdivision at 1325 Breezy Hill Lane*

SUMMARY

Hold a public hearing to discuss and consider a request by Kaylee and Taylor Henson for the approval of a *Specific Use Permit (SUP)* for *Residential Infill Adjacent to an Established Subdivision* on a ten (10) acre parcel of land identified as Lot 1, Block A, Breezy Hill Lane Addition, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 1325 Breezy Hill Lane, and take any action necessary.

BACKGROUND

The subject property was annexed into the City of Rockwall on February 4, 2008 by *Ordinance No. 08-12 [Case No. A2004-003]*. At the time of annexation, the subject property was zoned Agricultural (AG) District and was a portion of a larger 90.00-acre tract of land (*i.e. Tract 33 of the J. Strickland Survey, Abstract No. 187*). On May 5, 2020, the subject property was established as Lot 1, Block A, Breezy Hill Lane Addition by *Case No. P2020-007*. The subject property has remained vacant since its annexation.

PURPOSE

The applicants -- *Kaylee and Taylor Henson* -- are requesting the approval of a Specific Use Permit (SUP) for the purpose of constructing a single-family home on the subject property in accordance with Subsection 02.03(B)(11), *Residential Infill in or Adjacent to an Established Subdivision*, of Article 04, *Permissible Uses*, of the Unified Development Code (UDC).

ADJACENT LAND USES AND ACCESS

The subject property is located at 1325 Breezy Hill Lane. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property are the corporate limits of the City of Rockwall and the County Line between Rockwall and Collin Counties.

South: Directly south of the subject property is a 10.00-acre parcel of land (*i.e. Lot 2, Block A, Breezy Hill Lane Addition*) zoned Agricultural (AG) District. Beyond this is Phase 11 of the Breezy Hill Subdivision, which consists of 78 residential lots and is zoned Planned Development District 74 (PD-74). South of this is Phase 5 of the Breezy Hill Subdivision, which consists of 81 residential lots zoned Planned Development District 74 (PD-74).

East: Directly east of the subject property is a 50.29-acre tract of land (*i.e. Tract 33-02, of the J Strickland Survey, Abstract No. 187*) zoned Agricultural (AG) District. East of this is a 20.00-acre tract of land (*i.e. Tract 33-03, of the J. Strickland Survey, Abstract No. 187*) zoned Agricultural (AG) District. Beyond this is are the corporate limits of the City of Rockwall followed by several properties with single-family homes situated on them.

West: Directly west of the subject property is Breezy Hill Lane, which is identified as a *Minor Collector* on the Master Thoroughfare Plan contained in the OURHometown 2040 Comprehensive Plan. Beyond this is Phase 8 of the Breezy Hill Subdivision, which was established in 2019 and contains 61 residential lots on 27.840-acres.

CHARACTERISTICS OF THE REQUEST AND CONFORMANCE TO THE CITY’S CODES

Article 13, *Definitions*, of the Unified Development Code (UDC) defines *Residential Infill in or Adjacent to an Established Subdivision* as “(t)he new development of a single-family home or duplex on an existing vacant or undeveloped parcel of land or the redevelopment of a developed parcel of land for a new single-family home or duplex within an established subdivision that is mostly or entirely built-out.” An *established subdivision* is further defined in Subsection 02.03(B)(11) of Article 04, *Permissible Uses*, of the UDC as “...a subdivision that consists of five (5) or more lots, that is 90% developed, and that has been in existence for more than ten (10) years.” The code goes on to say “(a)ll proposed residential infill housing that is located within an Established Subdivision or a lot or tract of land that is located within 500-feet of an Established Subdivision shall be required to apply for a Specific Use Permit.” In this case, the subject property shares a common boundary (*i.e. the western property line*) with the Breezy Hill Subdivision, which has been in existence since 2008, consists of more than five (5) lots, and is more than 90% developed. The *Permissible Use Charts* contained in Article 04, *Permissible Uses*, of the UDC, requires a Specific Use Permit (SUP) for *Residential Infill in or Adjacent to an Established Subdivision* in all single-family zoning districts, the Two-Family (2F) District, the Downtown (DT) District, and the Residential-Office (RO) District. The Agricultural (AG) District is considered to be a single-family zoning district per Article 05, *District Development Standards*, of the Unified Development Code (UDC). This property, being adjacent to an *Established Subdivision*, requires a Specific Use Permit (SUP).

In addition, Subsection 02.03(B)(11) of Article 04, *Permissible Uses*, of the UDC states that, “...the Planning and Zoning Commission and City Council shall consider the proposed size, location, and architecture of the home compared to the existing housing ... [and] (a)ll housing proposed under this section [*i.e. Residential Infill in or Adjacent to an Established Subdivision*] shall be constructed to be architecturally and visually similar or complimentary to the existing housing ...” With this being said, there are three (3) vacant parcels of land that are in close proximity to the home. These lots are estate style lots (*i.e. larger lots*) as opposed to the more traditional style lots with single-family homes in Phase 8 of the Breezy Hill Subdivision. Based on this, staff has only provided the following summary of observations concerning the house on Breezy Hill Lane as proposed by the applicant:

<i>HOUSING DESIGN AND CHARACTERISTICS</i>	PROPOSED HOUSING
<i>BUILDING HEIGHT</i>	TWO (2) STORY
<i>BUILDING ORIENTATION</i>	THE FRONT ELEVATION OF THE HOME WILL FACE ONTO BREEZY HILL LANE.
<i>YEAR BUILT</i>	N/A
<i>BUILDING SF ON PROPERTY</i>	3,877 SF
<i>BUILDING ARCHITECTURE</i>	COMPARABLE ARCHITECTURE TO THE EXISTING HOMES
<i>BUILDING SETBACKS</i>	
<i>FRONT</i>	X> 40-FEET
<i>SIDE</i>	X> 10-FEET
<i>REAR</i>	X> 6-FEET
<i>BUILDING MATERIALS</i>	COMBINATION OF STONE AND PAINTED SHAKE
<i>PAINT AND COLOR</i>	WHITE
<i>ROOFS</i>	BLACK ASPHALT SHINGLES
<i>DRIVEWAYS</i>	THE GARAGE WILL BE A J-SWING GARAGE.

Staff should note that the proposed single-family home meets all of the density and dimensional requirements for a home in an Agricultural (AG) District as stipulated by the Unified Development Code (UDC). For the purpose of comparing the proposed home to the existing single-family housing located adjacent to or in the vicinity of the *subject property*, staff has provided photos of the properties along Sky Harbor Drive and the proposed building elevations in the attached packet. The approval of this request is a discretionary decision to the Planning and Zoning Commission and City Council pending a finding that the proposed house will not have a negative impact on the adjacent subdivision. If the applicant’s Specific Use Permit (SUP) is approved, staff has included operational conditions in the Specific Use Permit (SUP) ordinance that tie down the size, height, and general architecture of the proposed structures.

NOTIFICATIONS

On August 22, 2023, staff mailed 57 notices to property owners and occupants within 500-feet of the subject property. There were no Homeowners Associations (HOA’s) or Neighborhood Organizations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised

the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff had not received one (1) notice and one (1) response to the Online Specific Use Permit Online Form in opposition to the applicant's request.

CONDITIONS OF APPROVAL

If City Council chooses to approve of the applicant's request for a Specific Use Permit (SUP) to construct a single-family home as a *Residential Infill Adjacent to an Established Subdivision*, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:
 - (a) Development of the *Subject Property* shall generally conform to the Residential Plot Plan as depicted in *Exhibit 'B'* of the draft ordinance.
 - (b) Construction of a *single-family home* on the *Subject Property* shall generally conform to the Building Elevations depicted in *Exhibit 'C'* of the draft ordinance;
 - (c) Once construction of the single-family home has been completed, inspected, and accepted by the City, the Specific Use Permit (SUP) shall expire, and no further action by the property owner shall be required.
- (2) Any construction resulting from the approval of this zoning change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On September 12, 2023, the Planning and Zoning Commission approved a motion to recommend approval of the Specific Use Permit (SUP) by a vote of 6-0, with Vice-Chairman Womble absent.

APPLICANT: Anthony Loeffel; *Kimley-Horn*

CASE NUMBER: Z2023-041; *Zoning Change (AG & LI to C)*

SUMMARY

Hold a public hearing to discuss and consider a request by Anthony Loeffel of Kimley-Horn on behalf of James Melino of Rockwall 549/I-30 Partners, LP and Conveyor I30 Partners, LP for the approval of a Zoning Change from a Agricultural (AG) District and Light Industrial (LI) District to a Commercial (C) District for a 66.057-acre tract of land identified as Lot 1, Block B; Lot 1R, Block C; and Lot 1, Block D, Rockwall Commercial Addition, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District and Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, generally located at the northwest corner of Stodghill Road and the IH-30 Frontage Road, and take any action necessary.

BACKGROUND

The subject property was annexed by the City Council on December 3, 1985 by *Ordinance No. 85-69 [Case No. A1985-002]*. At the time of annexation, the subject property was zoned Agricultural (AG) District. According to the December 7, 1993 *Zoning Map*, a portion of the subject property was zoned Highway Commercial (HC) District. This designation was changed to a Light Industrial (LI) District between December 7, 1993 and April 5, 2005 according to the City's *Historic Zoning Maps*. On January 6, 2020, the City Council approved *Case No. P2019-048 (filed on April 9, 2021)* establishing the subject property as Lot 1, Block B; Lot 1R, Block C; and Lot 1, Block D, Rockwall Commercial Addition. The subject property has remained vacant since annexation.

PURPOSE

On August 18, 2023, the applicant -- *Anthony Loeffel of Kimley-Horn* -- submitted an application requesting to change the zoning of the subject property from an Agricultural (AG) District and a Light Industrial (LI) District to a Commercial (C) District to facilitate the future conveyance of the property.

ADJACENT LAND USES AND ACCESS

The subject property is generally located at the northwest corner of Stodghill Road (*i.e. FM-3549*) and the IH-30 Westbound Frontage Road. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is Justin Road, which is identified as a A4D (*i.e. major arterial, four [4] lane, divided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is a 36.56-acre parcel of land (*i.e. Lot 1, Block A, Rockwall Commercial Addition*) zoned Agricultural (AG) District. North of this parcel is a 120-foot railroad right-of-way, which is owned by the *M. K. & T. Railroad*. Beyond this are 11 tracts of land (*i.e. Tracts 1, 11, 13, 15, 22, 24, 25, 25-01, 25-2, 30, & 31 of the E. M. Elliott Survey, Abstract No. 77*) that are zoned Agricultural (AG) District and Single-Family Estate 1.5 (SFE-1.5) District. Eight (8) of these properties have existing single-family homes situated on them. Beyond this is Airport Road, which is designated as a M4U (*i.e. major collector, four [4] Lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

South: Directly south of the subject property are two (2) tracts of land (*i.e. a portion of Lot 1, Block C, Rockwall Commercial Park Addition and Tract 5-1 of the J. Lockhart Survey, Abstract No. 134*) that are zoned Light Industrial (LI) District.

Both of these properties have existing industrial buildings situated on them. Beyond this is the westbound lanes of the IH-30 Frontage Road, followed by the main lanes of IH-30, and the eastbound lanes of the IH-30 Frontage Road.

East: Directly east of the subject property is Stodghill Road, which is identified as an A4D (i.e. major arterial, four [4] lane, divided roadway) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this are two (2) vacant tracts of land (i.e. Tracts 10 & 10-3 of the R. Irvine Survey, Abstract No. 120) zoned Commercial (C) District. East of this are the City limits between the City of Rockwall and the City of Fate and the City of Mobile City.

West: Directly west of the subject property are multiple vacant parcels of land zoned Agricultural (AG) District, Light Industrial (LI) District, and Commercial (C) District. Beyond this is John King Boulevard, which is identified as a P6D (i.e. principal arterial, six [6] lane, divided roadway) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

CONFORMANCE TO THE CITY'S CODES

According to Subsection 04.05, *Commercial (C) District*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), "(t)he Commercial (C) District is the proper zoning classification for most types of commercial development (e.g. larger shopping centers at major intersections, commercial strips along arterial roadways, etc.). The land uses specified for the Commercial (C) District include most types of office and retail activity with some special provisions for wholesale land uses." In addition, the Commercial (C) District is a general business zone, and is intended to service most commercial land uses with the exception of land uses that include outside storage. In this case, the applicant has stated that the property is being rezoned to facilitate the future potential sale of the property. According to Article 05, *District Development Standards*, of the Unified Development Code (UDC), the following is a summary of the density and dimensional requirements of the Commercial (C) District:

TABLE 1: COMMERCIAL (C) DISTRICT STANDARDS

MINIMUM LOT AREA	10,000 SF
MINIMUM LOT WIDTH	60'
MINIMUM LOT DEPTH	100'
MINIMUM FRONT YARD SETBACK ^{(1) & (2)}	15'
MINIMUM SIDE YARD SETBACK ⁽³⁾	10'
MINIMUM REAR YARD SETBACK ⁽³⁾	10'
MINIMUM BETWEEN BUILDINGS ⁽³⁾	15'
MAXIMUM BUILDING HEIGHT ⁽⁴⁾	60'
MAXIMUM LOT COVERAGE	60%
MINIMUM LANDSCAPING	20%

GENERAL NOTES:

- 1: FROM FUTURE RIGHT-OF-WAY AS SHOWN ON THE ADOPTED MASTER THOROUGHFARE PLAN OR AS ACTUALLY EXISTS, WHICHEVER IS GREATER.
- 2: PARKING SHOULD NOT BE LOCATED BETWEEN THE FRONT FAÇADE AND THE PROPERTY LINE.
- 3: THE SETBACK CAN BE REDUCED TO ZERO (0) FEET WITH A FIRE RATED WALL.
- 4: BUILDING HEIGHT MAY BE INCREASED UP TO 240-FEET IF APPROVED THROUGH A SPECIFIC USE PERMIT (SUP) BY THE PLANNING AND ZONING COMMISSION AND CITY COUNCIL.

If this zoning change is approved and when the subject property is developed, the development will be required to conform to all the requirements of the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, and any other applicable local, state or federal requirements.

CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN

The OURHometown Vision 2040 Comprehensive Plan indicates that the subject property is located within the IH-30 Corridor District and is designated for Special Commercial (SC) Corridor land uses. According to the Comprehensive Plan, the IH-30

Corridor District is "...the primary retail corridor for the City of Rockwall ... (t)he Corridor ... has land uses that include retail, personal services, medical, and industrial. In the future, the health of the IH-30 Corridor is vital to maintaining a high per capita sales tax for the City of Rockwall." In addition, the Special Commercial (SC) Corridor is defined as an area that is "...intended to provide commercial/retail and regional commercial/retail activity centers that are intended to support and serve the entire region." This section goes on to state that the appropriate zoning classifications for this land use designation are the Commercial (C) District and Planned Development (PD) District. The applicant's request to change the zoning of the subject property from an Agricultural (AG) District and Light Industrial (LI) District to a Commercial (C) District, is in conformance with the Special Commercial (SC) Corridor land use designation, and appears to conform to the District Strategies contained in the IH-30 Corridor District; however, this will need to be reevaluated for conformance at the time a specific land use is identified for the property.

Staff should point out that the OURHometown Vision 2040 Comprehensive Plan seeks to "...(p)reserve the City's current residential to non-residential land use ratio (i.e. 80% Residential; 20% Commercial) in order to maintain a balance mix of land uses for fiscal sustainability ..." [Section 02.01; CH. 1; Page 1-1], and that the Land Use Plan contained in the Comprehensive Plan was created to guide the City toward the desired 80% residential to 20% non-residential land use balance. Since the proposed zoning change is in conformance to the Future Land Use Plan, the proposed zoning change does not change the mix of residential to non-residential land uses. With this being said, zoning is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

INFRASTRUCTURE

Based on the proposed request, the applicant is not proposing to develop the subject property; however, when the property is developed the following infrastructure is required to be constructed to provide adequate public services for the subject property:

- (1) Water Improvements. The development of the subject property will require the construction of a 12-inch waterline per the Master Water Distribution Plan.
- (2) Sewer Improvements. The development of the subject property will require the extension of the existing 12-inch wastewater line in Justin Road to Stodghill Road [FM-3549].
- (3) Roadways. Justin Road is identified as an A4D (i.e. major arterial, four [4] lane, divided roadway), which requires a minimum of an 85-foot right-of-way and two (2), 25-foot back-to-back concrete streets with a 14-foot median. Currently, half of this roadway has been constructed. When developed the remaining portion of this roadway and any lights or appurtenances will need to be provided. In addition, the applicant will need to construct a five (5) foot sidewalk along Justin Road and/or any other public rights-of-way.
- (4) Drainage. Detention will be required and sized per the Engineering Department's Standards of Design and Construction Manual.

STAFF ANALYSIS

The proposed zoning change is consistent with the Unified Development Code (UDC), and conforms to the OURHometown Vision 2040 Comprehensive Plan.

NOTIFICATIONS

On August 22, 2023, staff mailed 30 notices to property owners and occupants within 500-feet of the subject property. There are no Homeowner's Associations (HOAs) or Neighborhood Organizations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff had received one (1) notice in favor of the applicant's request.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant's request to rezone the subject property from an Agricultural (AG) District and a Light Industrial (LI) District to a Commercial (C) District, then staff would propose the following conditions of approval:

- (1) Any construction resulting from the approval of this Zoning Change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On September 12, 2023, the Planning and Zoning Commission approved a motion to recommend approval of the Zoning Change by a vote of 6-0, with Commissioner Womble absent.

06 IH-30 CORRIDOR DISTRICT

DISTRICT DESCRIPTION

The IH-30 Corridor is the primary retail corridor for the City of Rockwall. Currently the corridor is approximately 55% developed, with the remaining 45% being vacant or raw land. The Corridor acts as the western gateway for both the City and County of Rockwall, and has land uses that include retail, personal services, medical, and industrial. In the future the health of the IH-30 corridor is vital to maintaining a high per capita sales tax for the City of Rockwall.

DISTRICT STRATEGIES

The IH-30 Corridor District will continue to be the City's primary retail corridor in the future. Based on this the following strategies should be employed:

- 1 **Corridor Strategies.** The specific goals and policies contained in Section 02.01, *IH-30 Corridor Plan*, of Appendix 'B', *Corridor Plans*, of this Comprehensive Plan should be considered when reviewing new development within the IH-30 Corridor.
- 2 **Regional Center.** In accordance with the *IH-30 Corridor Plan*, a regional center should be located on each of the properties denoted in the red cross hatch (⊠) in the Corridor Zones map below. These regional centers should generally follow one (1) of the four (4) models identified in the *IH-30 Corridor Plan* (i.e. *Strip Retail Center, Mixed-Use Center, Town Center, or Regional Designation Center* models).
- 3 **Open Space.** Large commercial centers should incorporate green space or open space at the center of the development that can be used to provide amenity or break up large parking fields.
- 4 **John King Boulevard Trail Plan.** A ten (10) foot hike/bike trail should be incorporated along John King Boulevard with rest stops and signage as indicated in *Appendix 'B'* of this Comprehensive Plan.

CORRIDOR ZONES

The corridor zones denoted above are as follows:

- **Transitional Zone:** A segment of the existing corridor that is currently under utilized due to incompatible land uses, building design, commercial densities, and/or land uses that do not maximize tax potential.
- **Preservation Zone:** A segment of the existing corridor that is being utilized with the highest and best uses for the properties in that zone, and should be maintained and supported.
- **Opportunity Zone:** A segment of the existing corridor with vacant or underutilized land that could be developed or redeveloped with the highest and best use for the corridor.

APPLICANT: Juan J. Vasquez; *Vasquez Engineering, LLC*

CASE NUMBER: Z2023-042; *Specific Use Permit (SUP) for a Drive-Through Restaurant at 3611 & 3775 N. Goliad Street [SH-205]*

SUMMARY

Hold a public hearing to discuss and consider a request by Juan J. Vasquez of Vasquez Engineering, LLC on behalf of Shane Shoulders of Kennor Rockwall Retail, LLC for the approval of a *Specific Use Permit (SUP)* for a Restaurant, with 2,000 SF or More, with Drive-Through or Drive-In on a 1.93-acre parcel of land identified as Lots 8 & 9, Block A, Dalton-Goliad Addition, City of Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, situated within the North SH-205 Overlay (N. SH-205 OV) District, addressed as 3611 & 3775 N. Goliad Street [SH-205], and take any action necessary.

BACKGROUND

The subject property was annexed by the City Council on November 7, 1983 by *Ordinance No. 83-57*. Based on the City's historic zoning maps the subject property was rezoned from an Agricultural (AG) District to a General Retail (GR) District at some point between November 7, 1983 and December 7, 1993. On February 15, 2016, the City Council approved a preliminary plat [Case No. P2016-004] for Lots 1-6, Block A, Dalton-Goliad Addition. This approval was followed by a final plat [Case No. P2016-034], which was approved by the City Council on August 1, 2016. This final plat created Lots 1-3, Block A, Dalton-Goliad Addition. On December 4, 2017, the City Council approved a replat [Case No. P2017-062] subdividing Lot 2, Block A into Lots 4 & 5, Block A and establishing the subject property (*i.e. Lot 4, Block A, Dalton-Goliad Addition*); however, this replat was never filed. Prior to the replat, a Specific Use Permit (SUP) [S-171; *Ordinance No. 17-39*; Case No. Z2017-029] was approved by the City Council on August 7, 2017. This approval allowed a *Restaurant, Greater Than 2,000 SF with a Drive-Through or Drive-In (i.e. Freddy's Frozen Custard)* on the subject property. On September 12, 2017, the Planning and Zoning Commission approved a site plan [Case No. SP2017-024] for the proposed restaurant; however, the restaurant was never constructed, and the site plan and the Specific Use Permit (SUP) has since expired. On December 7, 2020, the City Council approved a conveyance plat [Case No. P2020-048] for the purpose of subdividing one (1) lot (*i.e. Lot 2, Block A, Dalton-Goliad Addition*) into four (4) lots (*i.e. Lots 4-7, Block A, Dalton Goliad Addition*) to convey the property. This conveyance plat established the subject property as Lot 5, Block A, Dalton-Goliad Addition. On March 15, 2021, the City Council denied a Specific Use Permit (SUP) request [Case No. Z2021-002] for a *Self-Service Car Wash*. On June 1, 2021, the City Council approved a replat [Case No. P2021-016] that established the subject property as Lots 8 & 9, Block A, Dalton-Goliad Addition. The subject property is currently vacant.

PURPOSE

The applicant, is requesting the approval of a Specific Use Permit (SUP) to allow for a *Drive-Through Restaurant* on the subject property in accordance with the *Permissible Use Charts* contained in Article 04, *Permissible Uses*, of the Unified Development Code (UDC).

ADJACENT LAND USES AND ACCESS

The subject property is addressed as 3611 & 3775 N. Goliad Street [SH-205]. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is Phase 2 of the Harlan Park Subdivision, which consists of 30 single-family residential lots. Beyond this is Phase 1 of the Harlan Park Subdivision, which consists of 65 single-family residential lots. Both of these subdivisions are zoned Single-Family 10 (SF-10) District.

South: Directly south of the subject property are Lots 1, 3, & 6, Block A, Dalton-Goliad Addition. Lot 3 is currently occupied by a strip retail center with several tenants (i.e. *Marco's Pizza, Hittson Dental, and Venice Nail Salon*). Adjacent to and south of the strip center is Lot 1, which is occupied with an Aldi's Grocery Store. These properties are zoned General Retail (GR) District. South of this is Dalton Road, which is identified as a M4U (i.e. *major collector, four [4] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

East: Directly east of the subject property is N. Goliad Street [SH-205], which is identified as a M4D (i.e. *major collector, four [4] lane, divided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is the corporate limits of the City followed by properties in the City's Extraterritorial Jurisdiction (ETJ) that have existing single-family homes situated on them. Adjacent to and south of this area is a Sonic Drive-In and 7-Eleven Gas Station, both of which are situated within the City limits and are zoned General Retail (GR) District.

West: Directly west of the subject property is a vacant 2.402-acre parcel of land (i.e. *Lot 6, Block A, Dalton-Goliad Addition*). This property is zoned General Retail (GR) District. Beyond this is the Nebbie Williams Elementary School, which is situated on a 11.599-acre parcel of land (i.e. *Lot 1, Block A, Rockwall School North Addition*). This property is zoned Single-Family 10 (SF-10) District.

CHARACTERISTICS OF THE REQUEST

The applicant has submitted an application and concept plan, depicting the layout of two (2) *Retail Building* that are 6,300 SF and 6,065 SF. The 6,300 SF *Retail Building* will include a *Restaurant with a Drive-through*. The proposed restaurant will consist of a single drive-through lane. The concept plan shows that there will be 70 parking spaces provided for the proposed development. The concept plan also shows that the drive-through will be oriented so that the exit will be facing onto N. Goliad Street. Based on this, staff is requesting that the applicant provide additional landscape screening adjacent to drive-through lane and along N. Goliad Street [SH-205] to impair the visibility and impact of head-lights from motor vehicles in the drive-through lane on adjacent properties and rights-of-way. In addition, there is residential adjacency to the north, where the applicant has provided the required 20-foot landscape buffer. Staff should note that the additional landscaping has been included in the draft ordinance as operational conditions should the Specific Use Permit (SUP) be approved.

CONFORMANCE TO THE CITY'S CODES

According to the *Permissible Use Charts* contained in Article 04, *Permissible Uses*, of the Unified Development Code (UDC) a *Restaurant with 2,000 SF or more with a Drive-Through or Drive-In* requires a Specific Use Permit (SUP) in the General Retail (GR) District. In addition, Subsection 02.03 (H)(4), *Conditional Land Use Standards*, of Article 04, *Permissible Use Charts*, of the Unified Development Code (UDC) also provides the following requirements relating to regulating the land use:

- (a) Drive-through lanes shall not have access to a local or residential street.
- (b) Additional landscape screening shall be installed adjacent to drive-through lanes to impair the visibility and impact of head-lights from motor vehicles in the drive-through lane on adjacent properties, rights-of-way, parks and open space.
- (c) Unless otherwise approved by the Planning and Zoning Commission, stacking lanes for a drive-through service window shall accommodate a minimum of six (6) standard sized motor vehicles per lane.

In this case, the submitted concept plan appears to meet the *Conditional Land Use Standards* outlined within the UDC. Staff has included an operational condition within the draft ordinance that requires additional landscaping be provided adjacent to the drive through lane, N. Goliad Street, and in the northwestern corner of the site to impair the potential impacts of the proposed land use. Staff should note that a full site plan submittal including building elevations and a landscape plan will need to be reviewed by the Architectural Review Board (ARB) and Planning and Zoning Commission at the time of site plan.

STAFF ANALYSIS

The intent of the General Retail (GR) District is to provide limited retail and service uses for nearby residential neighborhoods. Development in these areas should not include intensive commercial land uses that carry large volumes of retail traffic. Developments should also be adequately buffered and screened from residential land uses. Since the General Retail (GR) District is located close to residential areas, the development standards are typically more stringent and similar to the Residential-Office (RO) and Neighborhood Services (NS) Districts. All of these districts are intended to create a transition from the adjacent residential neighborhoods to less intense non-residential land uses. In this case, the concept plan shows the retail being constructed closer to the residential neighborhood (*i.e. Harlan Park Phase 2*) and the restaurant with a drive-through constructed on the lot closer to more retail establishments (*i.e. Dalton Retail at 3201 N Goliad*) which creates a transition from the adjacent residential neighborhoods to less intense non-residential land uses. With all of this being said, this concept plan appears to meet the intent of the General Retail (GR) District; however, any request for a Specific Use Permit (SUP) is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

NOTIFICATIONS

On August 22, 2023, staff mailed 44 notices to property owners and residents within 500-feet of the subject property. Staff also notified the Castle Ridge, Harlan Park, Stone Creek and Rockwall Shores Homeowner's Association (HOA), which are the only Homeowner's Associations (HOA's)/Neighborhood Organizations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff had not received any notices in favor or opposition of the applicant's request.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant's request for a Specific Use Permit (SUP) for a *Drive-Through Restaurant* on the subject property, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:
 - (a) Additional landscape screening shall be installed adjacent to drive-through lane, drive aisle adjacent to the residential land uses north of the subject property, and along N. Goliad Street [*SH-205*] to impair the visibility and impact of headlights from motor vehicles in the drive-through lane on adjacent properties and rights-of-way. The additional landscaping will be approved by the Planning and Zoning Commission with the site plan approval for the proposed development depicted in *Exhibit 'B'*.
 - (b) The proposed drive-through lane shall accommodate a minimum of six (6) standard sized motor vehicles.
 - (c) Enhanced landscaping shall be provided in the north-west property corner to provide additional screening for the adjacent residential. This screening shall be approved by the Planning and Zoning Commission in conjunction with the site plan submittal for the proposed development depicted in *Exhibit 'B'*.
- (2) Any construction resulting from the approval of this zoning change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On September 12, 2023, the Planning and Zoning Commission approved a motion to recommend approval of the SUP by a vote of 6-0 with Commissioner Womble absent.

APPLICANT: Angelina Nguyen
CASE NUMBER: Z2023-043; *Specific Use Permit (SUP) for a Residential Infill Adjacent to an Established Subdivision for 303 Harborview Drive*

SUMMARY

Hold a public hearing to discuss and consider a request by Angelina Nguyen for the approval of a *Specific Use Permit (SUP)* for *Residential Infill Adjacent to an Established Subdivision* on a 0.1519-acre parcel of land identified as Lot 18, Block B, Harbor Landing, Phase 2 Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 8 (PD-8), addressed as 303 Harborview Drive, and take any action necessary.

BACKGROUND

The subject property was annexed into the City of Rockwall on October 30, 1973 by *Ordinance No. 73-43 (Case No. A1973-005)*. At the time of annexation, the property was zoned Agricultural (AG) District. The subject property was rezoned to Planned Development District 8 (PD-8) by *Ordinance No. 73-48* on November 12, 1973. Phase 2 of Harborview Landing was later amended by *Ordinance No. 84-16* on April 2, 1984. A Preliminary Plat (*Case No. PZ1987-022-01*) and Final Plat (*Case No. PZ1987-030-01*) were approved on January 1, 1987. A resolution authorizing the settlement of a lawsuit regarding maximum rooftop elevation, maximum pad elevation, and maximum house height was adopted by *Ordinance No. 87-19* on June 15, 1987. A resolution of the City Council of the City of Rockwall clarifying the content of *Ordinance No. 84-16* was adopted on June 15, 1987. On August 7, 2023, the City Council adopted *Ordinance No. 23-40* consolidating all of the ordinances associated with Planned Development District 8 (PD8); however, no changes were made affecting the subject property. The subject property has remained zoned Planned Development District 8 (PD-8) and has been vacant since it was annexed.

PURPOSE

The applicant, Angelina Nguyen, is requesting the approval of a *Specific Use Permit (SUP)* for the purpose of constructing a single-family home on the subject property in accordance with Subsection 02.03(B)(11), *Residential Infill in or Adjacent to an Established Subdivision*, of Article 04, *Permissible Uses*, of the Unified Development Code (UDC).

ADJACENT LAND USES AND ACCESS

The subject property is addressed as 310 Harborview Drive. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is Harborview Drive, which is identified as a R2 (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is the remainder of Phase 2 of the Harbor Landing Subdivision, which was established on June 15, 1987, and consists of 32 residential lots. North of this is Phase 1 of Harbor Landing, which was established on December 22, 1986, and consists of 38 residential lots.

South: Directly south of the subject property is the Lake Ray Hubbard Takeline and the Chandler's Landing Marina. Beyond this is the corporate limits of the City of Rockwall followed by Lake Ray Hubbard which is owned and maintained by the City of Dallas.

East: Directly east of the subject property is the remainder of Phase 2 of the Harbor Landing Subdivision, which was established on June 15, 1987, and consists of 32 residential lots. East of this is Phase 1 of Harbor Landing, which was established on December 22, 1986, and consists of 38 residential lots. Beyond this is Henry M. Chandler Drive, which is identified as a *Minor Collector* on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Following this is Spyglass Hill Phase 3, which was established on January 15, 1985, and consists of 47 condominium. All of these properties are zoned Planned Development District 8 (PD-8).

West: Directly west of the subject property is the Lake Ray Hubbard Takeline and the Chandler’s Landing Marina. Beyond this is the corporate limits of the City of Rockwall followed by Lake Ray Hubbard which is owned and maintained by the City of Dallas.

CHARACTERISTICS OF THE REQUEST AND CONFORMANCE TO THE CITY’S CODES

Article 13, *Definitions*, of the Unified Development Code (UDC) defines *Residential Infill in or Adjacent to an Established Subdivision* as “(t)he new development of a single-family home or duplex on an existing vacant or undeveloped parcel of land or the redevelopment of a developed parcel of land for a new single-family home or duplex within an established subdivision that is mostly or entirely built-out.” An *established subdivision* is further defined in Subsection 02.03(B)(11) of Article 04, *Permissible Uses*, of the UDC as “...a subdivision that consists of five (5) or more lots, that is 90% developed, and that has been in existence for more than ten (10) years.” The subject property is part of the Harbor Landing Subdivision, which has been in existence since December 22, 1986 and consists of 70 residential lots (*five [5] of which are vacant*), and is considered to be more than 90% developed (*i.e. 92.86% developed*). The *Permissible Use Charts* contained in Article 04, *Permissible Uses*, of the UDC, requires a Specific Use Permit (SUP) for *Residential Infill in or Adjacent to an Established Subdivision* in all single-family zoning districts, the Two-Family (2F) District, the Downtown (DT) District, and the Residential-Office (RO) District. This property, being in a Planned Development District for single-family land uses, requires a Specific Use Permit (SUP).

In addition, Subsection 02.03(B)(11) of Article 04, *Permissible Uses*, of the UDC states that, “...the Planning and Zoning Commission and City Council shall consider the proposed size, location, and architecture of the home compared to the existing housing ... [and] (a)ll housing proposed under this section [*i.e. Residential Infill in or Adjacent to an Established Subdivision*] shall be constructed to be architecturally and visually similar or complimentary to the existing housing ...” The following is a summary of observations concerning the housing on Harborview Drive compared to the house proposed by the applicant:

Housing Design and Characteristics	Existing Housing on Harborview Drive	Proposed Housing
Building Height	Two (2) Story	Two (2) Story
Building Orientation	Most of the homes are oriented towards their front property line.	The front elevation of the home will face onto Harborview Drive
Year Built	2012-2020	N/A
Building SF on Property	2,330 SF – 4,982 SF	3,990 SF
Building Architecture	Traditional Brick/Stucco and Modern Contemporary	Comparable Architecture to the Existing Homes
Building Setbacks:		
Front	The front yard setbacks appear to conform to the required 20-foot front yard setback.	x>20-Feet
Side	The side yard setbacks appear to conform to the required six (6) foot side yard setback.	x>6-Feet
Rear	The rear yard setbacks appear conform to the required ten (10) feet rear yard setback.	x>15-Feet
Building Materials	Brick, Stone, Stucco	Stucco, Nichiha Panel, Metal
Paint and Color	Red, Tan, Brown, Grey, White, Black	Brown, Grey
Roofs	Composite Shingles, Metal Roofs	Flat, Metal Roof [VARIANCE REQUESTED]
Driveways	Driveways are all in the front with the orientations being flat front entry.	The garage is proposed to be situated 2-feet beyond the front façade of the home. [VARIANCE REQUESTED]

In this case, the applicant is proposing a home that is not conforming to two (2) standards outlined in the Unified Development Code (UDC). These are as follows:

- (1) Garage Orientation. According to Section 04, *Residential Parking*, of Article 06, *Parking and Loading*, of the Unified Development Code (UDC), "(i)n single-family or duplex districts, parking garages must be located at least 20-feet behind the front façade for front entry garages ..." In this case, the applicant is proposing to orient the garage so that it projects in front of the front façade of the single-family home. Staff estimates that the garage will protrude approximately two (2) feet in front of the front façade of the home. When looking at this non-conformity, staff should point out that since the construction range for housing in this phase of the Harbor Landing Subdivision extends from 1992-2000, there are several examples of houses in this area that have a similar garage configuration.
- (2) Roof Pitch. According to Subsection 03.01(A), *General Residential District Standards* of Article 05, *District Development Standards*, of the Unified Development Code (UDC), all residential structures shall be constructed with a minimum 3:12 roof pitch. In this case, the applicant is requesting a single-family home with a flat, metal roof. Staff should point out that there are at least two (2) homes in this phase of the Harbor Landing Subdivision with metal roofs that are similar to the roof design being proposed by the applicant.

With this being said, the approval of a waiver to the garage orientation or roof pitch requirements is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission. If approved as part of the Specific Use Permit (SUP) request, the Planning and Zoning Commission and City Council would be waiving these requirements. With the exception of these two (2) deviations from the *General Residential Standards*, the rest of the request does appear to be in conformance with the density and dimensional requirements stipulated by Planned Development District 8 [*Ordinance No. 85-43*] and the Unified Development Code (UDC).

For the purpose of comparing the proposed home to the existing single-family housing located adjacent to or in the vicinity of the *subject property*, staff has provided photos of the properties along Harborview Drive and the proposed building elevations in the attached packet.

NOTIFICATIONS

On August 22, 2023, staff mailed 53 notices to property owners and occupants within 500-feet of the subject property. Staff also sent a notice to the Chandler's Landing, The Cabana at Chandler's Landing, Match Point Townhomes, Cutter Hill Phase 1, Cutter Hill Phase 2, Cutter Hill Phase 3, Spyglass Phases 2 & 3, and Spyglass Phase 1 Homeowner's Associations (HOAs), which are the only HOA's or Neighborhood Organizations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff received an email from the Chandler's Landing Architectural Control Committee, stating that they do not allow a flat roof. Staff conveyed this information to the applicant.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant's request for a Specific Use Permit (SUP) to construct a single-family home as a *Residential Infill within an Established Subdivision*, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:
 - (a) Development of the *Subject Property* shall generally conform to the Residential Plot Plan as depicted in *Exhibit 'B'* of the draft ordinance.

MEMORANDUM

TO: Mayor and City Council Members
FROM: Mary Smith, City Manager
DATE: September 18, 2023
SUBJECT: Tech Park Budget

The Rockwall Technology Park Association Board met Thursday September 14, 2023 to approve the budget for maintenance of the Tech Park.

The budget for FY2024 increases significantly from the prior year due to the addition of the newest phase of the Tech Park which will be complete very shortly. Both landscape maintenance and water for irrigation are increased accordingly. The REDC remains the owner of the undeveloped land and will therefore pay that share of the common area maintenance cost on a pro-rata basis.

EDC President, Phil Wagner, will be available at the Council meeting to answer any questions about the proposed budget.

Notebook. It is included by reference only, rather than presented again in its entirety.

General Fund

The General Fund budget will anticipate tax collections based on a 27.0245 cent tax rate.

As requested, Denny Lassetter worked with Judge Scott and an AV consultant to come up with the appropriate solution for the recording equipment needed for Court of Record to be implemented if approved. While it is significantly higher than the cost which was discussed at the budget worksession it provides a solution which is turnkey and won't need hands-on IT assistance each time it's used. The addition to the Municipal Court budget will be a one-time expense of \$37,692. This is a not to exceed price which will probably come down as we issue the Purchase Order. The vendor is on the Buy Board so we will not have to bid the purchase. We don't think any dockets will be added so we've not adjusted any other line items.

Water – Sewer Fund

The budget as proposed reflects an increase in water or wastewater rates, which is being developed at this time and will be brought back for consideration by the Council in November. The large majority of our expenses are set by the North Texas Municipal Water District and they will set their rates at the end of September.

Special Revenue – Public Safety Fund

Judge Scott requested the addition of bullet resistant material to the exterior doors and windows at the Municipal Court. We've been challenged to get a manageable price in time for the budget adoption but we finally got it just days ago. The addition of \$22,000 is in this budget and is entirely covered by the Court Security Fee which is paid with each court Citation.

SUBJECT: HOT Funding

The Hotel Occupancy Tax subcommittee comprised of Mayor Pro Tem Campbell and Council members Lewis and McCallum met to discuss funding requests for budget year 2023-234.

The Council received a notebook including the organization's requests along with their required reporting for FY 2023 funded events. Attached is a summary of the requests with the previous year's allocations to the organizations. This summary also includes the subcommittee recommendations for funding. Generally, after a funding contract is executed with an organization, the funding is released about 3 months in advance of the event in order to fund upfront costs. The subcommittee has elected to spend additional time on the applications from the Chamber of Commerce and Oasis Pickleball. They will meet later this month to talk to them and will provide their funding recommendation for those requests at the October 2nd meeting.

Revenues and Fund Balance

Staff continues to be conservative in the projection of revenues. At the end of FY 2023, a fund balance reserve of at least \$2,354,400 is anticipated.

Funding Levels

Funding requests for fiscal year 2024 totaled \$1,367,551, which is a small increase from the 2023 funding awards. We may see supplemental requests during the year but none are known at this time. Each specific application was discussed and whether they met our stated purposes and the state statute's requirement for "heads in beds". The subcommittee's recommendations for funding are attached. Again, the Chamber of Commerce and Oasis Pickleball will be ready for recommendation at the October 2nd meeting.

Contract Language/Documentation

Each organization will continue to be required to provide documentation that specifically notes the number of attendees who are spending the night in a hotel establishment.

The Subcommittee and Staff will be available at the Council meeting to answer any questions.
